## Our first home. The kid's college tuition. Our daughter's wedding. He planned for everything.

Including making his funeral arrangements ahead of time. I'm thankful that he took care of the details in advance and saved me the added anxiety of having to make dozens of decisions at a difficult time. And because he paid for his services in advance, my family was not left with a financial burden, but with peace of mind knowing his wishes will be honored.

The professionals of Deware Funeral Home took care of all of the details and helped us plan a fitting tribute to a life well lived.

**Good News from Houghs Neck Congregational Church**

**Pastor's Message**

Dear Friends,

Last summer, my wife Jean and I visited Scotland. More than once we heard someone jokingly ask, "What do you call six weeks of rain in Scotland?" The reply. "Summer." Ugh. Yes, it rained a lot while we were there, but I'm counting on that joke not applying to us this year. Memorial Day has passed and unofficially summer has begun so it's time to enjoy the out-of-doors to restore our souls — to relax, recover, and refuel our lives after a long winter's work to be ready for new adventures in the fall.

One of the things that restores my soul is hiking in the Blue Hills. In 1893, the year before Houghs Neck Congregational church was born, the Massachusetts Metropolitan Parks Commission had the wisdom to set aside the wooded hills to our west, designated the Blue Hills Reservation, for public enjoyment. The sounds of the forest, the scent of the trees, the sunlight playing through the trees, the fresh, clean air — these things give, in my experience, a sense of comfort. I hope in the coming days of summer all our Houghs Neck neighbors will make a strong effort to take advantage the things that give you comfort, whether it be time with family and friends or just time by yourself (maybe a walk the woods!). In anycase, I, and your friends at Houghs Neck Congregational Church, pray you find the things that help you relax, recover, and refuel — gifts from God that can restore your soul. Amen!

Blessings,  
 Pastor Steve

**TROOP 6 NEWS**

Despite the tough spring, Troop 6 has found a couple of days of great weather to keep our selves busy in the past month. The Troop was out in force for Cleaner Greener Quincy with teams helping with the flags at Fort Square, cleaning up around the HN Community Center, working at Brill Field, and several other sites around the city as well.

On the weekend of May 18-19, we had perfect weather for a great camping trip to Camp Sayre in Milton. The trip was made even more special by the 7 new scouts that joined us for the trip. The Troop hiked about 5 miles through the Blue Hills and had clear skies and perfect views from the top of Big Blue. We then went

7-8:30PM at the Houghs Neck Congregational Church. Troop 6 does a fantastic job of keeping our program affordable for all scouts, and our bottle and can drives are one of our biggest fundraisers. Our next bottle drive is June 8th from 9-12 in Labrecque Field parking lot.

Our bottle drives will continue to be on the second Saturday of every month, weather permitting. Please consider donating your soda and beer bottles and cans to us rather than tossing them in your recycling. As our Troop grows, the money we earn is being spread thinner and thinner and we really want to continue to run a program where all the activities can be paid for through the boys fundraising efforts. Please feel free to call if you need a pick up!

Yours in Scouting, Rob Gordon, Troop 6 Scoutmaster, 617-543-1797

swimming in the indoor pool at Base Camp and cooked some amazing food – even if some of the younger scouts weren't happy we tried to feed them vegetables!

On May 22nd, we had another great night on Perry Beach where we warmly welcomed 12 new scouts into the Troop during at their Cross Over Ceremony. The scouts crossed from Pack 6 and the world of Cub Scouts into the world of Scouts. That puts Troop 6 at over 40 scouts – the largest in our nearly 90 years of history!!!

Continuing our streak of great weather, on Memorial Day, we had a great turn out of scouts marching in the annual Memorial Day Parade.

Dear Houghs Neck Residents:

The State Senate completed its budget debate right before Memorial Day weekend and a House-Senate conference committee has been formed to reconcile the differences between the two branches' versions. Most recently, the House and Senate passed a transportation bond bill that authorizes the Governor to commit \$200 million to cities and towns for local road and bridge projects. These projects are led at the municipal level, with funding reimbursed through Chapter 90. Quincy will receive \$1.9 million for fiscal year 2020. In addition, the transportation bond reauthorizes the previous transportation bond funds if the projects are currently active. This means \$1.5 billion of in-progress transportation infrastructure projects around the state will not have their funding disrupted. The Legislature authorizes the Governor to issue bonds up to a limit and the normal practice is to have an authorization only valid for 5 years from the day it becomes law.

As the House Chair of the Joint Committee on Consumer Protection and Professional Licensure, we have successfully reached an agreement with the Senate Chair on a public hearing schedule. We began hearings, usually held on Mondays, in May and will continue to do so until August. We are working on scheduling additional hearings in September and October. Given the wide range of topics from alcohol regulations to cosmetology licensing, grouping similar topic matters together has been a challenge. There has been an increase of daily meetings with people with interests before the committee and a continuous stream

of meeting requests.

The House engrossed legislation that would prohibit using a cell phone while driving unless it is a hands free device. The legislation allows for drivers to use mapping or navigation devices if they are affixed to the windshield or integrated into the vehicle and only involve a tap or a swipe, and creates an exemption for situations in the case of an emergency and for first responders if they are using the devices as part of their duties. The penalty is a fine of \$100 for the first offence, \$250 for the second offence and \$500 for third and subsequent offences. The proposal would go into effect on January 1, 2020 and would require a public awareness education campaign leading up to that date. It also invests \$300,000 into the existing traffic stop reporting system that has been in existence since 2001 and requires racial data to be recorded. The non-personal identifying data is used by the Executive Office of Public Safety to research the profiles of those cited for traffic violations, the volume and times of different types of traffic violations, including days and times.

May was Asian American Pacific Islander Month. The Asian Caucus this year celebrated the Nepalese people and culture with an event recognizing Buddha's birthday at the State House. Nepal borders both India and China (Tibet region) and has had a presence in Massachusetts for decades. We also hosted a briefing on dispelling the model minority myth of Asian Americans, with a focus on the media, mental health and education. The South Korean Consulate and the Friends of Korea hosted a photo exhibition

highlighting the positive impact that the United States Peace Corp had on the country between 1966 and 1981. The South Korean government formed the Korean International Cooperation Agency (KOICA) in 1991 to help other countries following the United States Peace Corp model. The KOICA has had over 5,200 Korean volunteers working in 53 countries. The Massachusetts Asian American Commission held its annual Unity Dinner recognizing people and organizations of different Asian American communities in Massachusetts. Lastly, WGBH honored Norman Mineta, who was former mayor of San Jose, CA (1971-1975), Congressman of California's 13th Congressional District (1975-1993) and Secretary of Commerce for President Bill Clinton (2000-2001) and Secretary of Transportation for President George W. Bush (2001-2006). As a child, he and his family were interned in a United States Japanese Internment Camp in Heart Mountain Wyoming for 3 years during and after World War II, where his family lost everything and it took decades to rebuild their lives. As transportation secretary, he had to manage transportation security for air, land and ports immediately after 9-11. If you want to learn more about his life, there is a documentary, "Norman Mineta and His Legacy: An American Story", produced by WGBH and available on their website.

I wish you all a happy flag day and hope to see you at the parade on June 15th. *Tackey*

Bill Dunn Jr. lost his life while boating with friends on July 1, 2006. A proud member of Houghs Neck, he was truly loved by his family and friends and anyone who came in contact with him. His spirit for life and love of adventure is missed by all and this race helps keep his memory alive. A 1996 graduate of Quincy High School, Bill went on to join the Plumbers Union, Local 12. A standout for both the Houghs Neck Manets and Quincy High Football, Bill was inducted into the QHS/NQHS Football Hall of Fame in 2003.

All proceeds from the road race benefit the Bill Dunn Jr. Memorial Scholarship. The scholarship fund is used to enrich those who are in need. Some past recipients of the scholarship include Broad Meadows Middle School, Quincy High Football Players, Quincy High Students, The Houghs Neck Manets, Holy Trinity Parish, Children's Hospital and Atherton Hough Teachers.

We invite you to run the hills of Houghs Neck along the ocean and join in the fun and festivities to keep Bill's spirit alive.

I'd like to use this month's article to touch on a few items of interest but primarily talk about the Maritime Center. The center is very much alive but had to take a back seat to public safety, seawalls etc. the last 12 months to ensure that the Houghs Neck shoreline was being adequately protected. The Shoreline of Houghs Neck is challenging in many parts so the proactive support from the Mayor, DPW and all was very much appreciated.

This month started off with the Mayor's Prayer Breakfast on May 2nd which is a wonderful way to reflect and realize the wonderful things we have in life. Life moves very fast and sometimes the time for reflection of certain things in life are needed. Positive start for all that day. Great representation from Holy Trinity Parish and Houghs Neck Congregational Church were present at the event.

Cleaner Greener on May 4th was again a huge success as many areas in HN were cleaned up and volunteers were in abundance once again. Thanks to all.

The Sea Street/Quincy Shore Drive renovation meeting on May 16th was a success. Plenty of residents participated and great points, opinions and recommendations were heard. Work on the intersection will commence very soon. This will be about a 12 month project. It will only help make a very tough traffic intersection better. Patience again will be required during this timeframe.

Reminder to all: Events for the Calendar.

- Dan Morrell Fishing Derby is set for June 22nd.
- Flag Day Celebration on June 15th Pageant Field. Another great event.

A quick shout out for the Houghs Neck Garden Club who will be holding a Garden Club Fundraiser on June 22nd. Good Luck and thank you to that group that does so much for Houghs Neck

The Houghs Neck Maritime Center is back in the picture. I held a meeting with Paul Hines, Quincy Public Buildings, Lt. Bob Gillan QPD, Tighe and Bond Engineering Representatives to discuss the first phase that will commence in the next few months. That phase will be the taking down of the current center to prepare for the new ramp that will be going in after the boating season, where the building actually is now. We felt that we could start the project by demolishing the building, cleaning up the area and prepping it for further ramp and pier work after Labor Day. This will ensure no interruptions during the boating season. Once a firm schedule is

in place that will be in my hands in a few weeks we will be able to give all ample notice of this first phase. As phase one is in motion, phase 2/3 will start again.

\*\* I will also make sure that the Chowder-Fest is NOT interrupted in early September and that the HNCC has no worries.

Phase 2 will be the re-look at the design, size, layout of the building ensuring we take in all suggestions, opinions and comments in a series of community meetings. The building has to be large enough to give the Houghs Neck Community Council what they need, the QPD Marine Unit what they need and conform to the area in general. I will be asking the architect and other city officials for a few different designs and comments before we hold any meetings to make sure we try to cover all the comments I have heard over the last two years. A traffic study of that area of Sea Street is underway to give us accurate data on the traffic increases and decreases during the boating season. That is happening now.

Phase 3 is a really good study of the parking lot area again. The layout, the traffic flow in the lot itself, the logistics of making it as easy as possible to launch a boat or pull a boat out of the water. The layout of the lot is very important to maximize the area, at the same time make sure we have the ability to maneuver in the lot. Also the use of the lot will be discussed. Of course during the summer months it's much busier than the Fall, but I think all entities in the area should be able to comment on parking in this area.

I'll end with a thank you to all the veterans of Houghs Neck/Quincy past and present. The city had a wonderful ceremony on Memorial Day at Mount Wollaston. We should be very proud to live in Quincy. We have what it takes. I'll leave you all with this definition of the day. Memorial Day commemorates the men and women who died while in the military service of their country, particularly those who died in battle or as a result of wounds sustained in battle. In other words, the purpose of Memorial Day is to memorialize the veterans who made the ultimate sacrifice for their country. We spend time remembering those who lost their lives and could not come home, reflecting on their service and why we have the luxury and freedom that we enjoy today. We might consider how we can support and safeguard their grieving families and loved ones who are left behind.

Never forget the Veterans, God Bless  
Dave McCarthy - Ward 1 City Councillor

It may not feel like summer is here but Captain Holler will be selling lobsters from the PL in coming weeks. The past few weeks have been a busy time for the Council.
