

# 30-Hour OSHA General Industry Safety & Health Training Course

## Instructor

*Jim J. Brandt, CSP, CHST, CET - Industrial Hygiene Professionals, Inc.*

## Benefits

*Lectures, video presentations, classroom exercises and in-depth discussions provide students with a comprehensive overview the OSHA general industry regulations (29 CFR Part 1910). Students are introduced to OSHA policies and procedures as well as general safety and health principles necessary for a safe work environment.*

## Who Should Attend

*This course is a must for supervisors, safety personnel and worksite managers for Federal construction projects but is appropriate for anyone seeking to improve their knowledge of safety and health and improving worksite safety on the job.*
