Transcendent

When it is time for you to transcend to another elevation or level, you will know. It may be good to have a merrymen at any time you want to remember your younger years and be with your friends and family, and be happy. When the right time come for you to transcend to another elevation, you should know. Someone will walk you up to the next elevation. Because of the devel cutting up the elevations and the levels of these Earths, some of the elevations are in disarray. Therefore, someone could walk you down to another elevation depend on where it is located. The person cannot be a man, and must be a woman. You are to look on the inside of the person or say I must see inside the person, I must see inside the person, I must see inside the person, I must see inside the person; say it for four times or more, so you can see if it is a woman or a man. If it is a man say: No, I will not go with you four times or more. Do not say that it is a woman you want, they should know. The man is not protected, and he can be the devel's camouflage.

In the meanwhile, any day now you can say: When I am ready to transcend or go, I go in the right way and in the right time. Repeat this four (4) times or more. Others can say this to you as well. Do not tell your age to outsiders or make a big thing about your age, as you do not want the devel to know or to interrupt your transcending. The devels have incondesant coverings (cannot see them in the day or night), and can try to take you away as well. So, live your life as normal as possible You will not die, you will just transcend up and you will not leave any part of yourself behind.

No Burial and No Death

When we are old, and if we are pronounced dead it is either we are cremated or burned with the essence oils rubbed all over our bodies and we soak in the essence oils and wild bushes juice/oil or we transcend. There is no burial for any person in any place in these Earths, or Chreations. No one should die. When person has brain damage, they remain in the hospital for a few weeks while their brain is repaired, and the doctors use the saline or linen brain replacement.

Jacobi Hospital - Bronx New York/All Hospitals in the Earths

No one is to die. No one should be pronounced dead. All sick patients in the hospital are to be properly taken care of, and you are not to use any devel synthetic or plastic medications. You must use the right insulin material for insulin medications. You must use the natural plant materials. You must not use any plastic doctors, rubber, tremoline on any patients, or used in the hospital for any reason. You must not use any plastic workers whether nurses or maintenance staff.

Any patient that is pronounced dead in the past from your hospital or any time to come, you are responsible for their death, and you will pay the penalty in the beyond the beyond the gazillionth and beyond levels of penalty. No one should be removed from life support. No one should be denied life support for as long as 120 years. The hospital floor, tools, and equipment must be

sanitized with the right natural plants as identified in Article 1 and other Articles. All patients must be given the nutritious food they are to eat to prevent the devels from infesting in their abdomen, veins, muscles, and all over their bodies. They must get fresh fruits that are not in the cans. They must get beef not horse meat. They must eat pork and chicken and fish with the skin on them. They must get 100% natural juice and **not partial juice dust** and synthetic. They must get natural fresh vegetables either steamed or naturally raw with the proper washing and salad dressing of their choice.

Body Repair

For any accidents or any damages to our bones or arteries there are many ways to do the repair. The pig bones can be used, and the saline or linen bones can be used. The pig heart, kidneys, intestine and even the pig inside skin can be used to replace parts of our body.

If our eyes are damaged, or we lose our eyes, it can be regrown by putting the eye socket in a pitch distilled patch/milk bath plant juice, so it is regrown. The socket repairer can also be used to repair parts of the eyes. The pig arteries can be used to help to recreate what was lost.

For the teeth, use bone teeth repairer. For the lips, use the saline lip repairer, for the intestine, you can use the saline or linen intestine repairer. The pig body parts can also be used as repairer.

Devel Cut out Inner selves

Remember that the devel can cut out your inner selves any time and many times while you live. The devels also cut out many peoples inner selves and put plastic inner selves in them. The plastic inner self is used to control your activities, your emotions, and your behavior.

Whenever you are going through anything bad in your life any terror, disaster, know that the devels are cutting out your inner selves and that is why you are not protected from the inside out and you are empty. You are to drink the essence juices and put the essence on your body and soak or bath in the essence. It is good to shower first and then so and soak in the essence bath made from rice water. You do not need to use a lot of rice for the rice water bath. You only need to use maybe 1 to 2 cups full and rub it together I the water several times and pour it out in a container for your bath, so you get the rice milk to put in the bath. Only put the rice milk in the warm bath water or as warm as you can take it. Soak and relax yourself fully from head to toes and say: I recall myself and I lock and seal myself with the highest numbers. You can also shower yourself first and then pour the rice milk in a water bottle and then pour on yourself from the head to toes and say it as well, but the effect is not as good as the warm bath.

Pregnant Women

It is good for pregnant women to use the rice water to protect their inner selves and their young children from early stages of pregnancy to after. The rice water is also to be used to wet the babies and to protect their inner selves and to recall their inner selves even though you do not know if their inner selves has been removed. This is to be done as early as possible after birth. You can use weak rice water on them to even sponge bath or use a towel and sap their bodies and then recall their inner selves.

If the devel is in the mother life during pregnancy, the devel can cause the mother to not properly eat right, for the unborn child to be mal nourished and for the devel to get inside the mother to cut out the inner self of the unborn child and for the devel to interfere with the unborn child. The inner self of the young baby is to protect the baby from the devel. However, if the inner self has been tampered with before birth, if the unborn child inner self has been experiencing many terror, then when the child is born it is easy for the devel to remove the inner self easily at birth and for the child to become unprotected during baby stage and onward.

Devel Workers with their Minds Turn Backwards

All devel workers and others who repeatedly turn off their minds, who turn themselves off, so they give in to the devel's ways and wickedness, and those who turn their minds backwards, you are killing yourselves, and you will be the meal for others to eat. You will face the beyond the beyond or higher judgements. All those who are told to eat the devels or to bite the devels like you bite any meal, do it. Even if it is a copy of yourself, take a bite and you will see that it tastes like a meal or like a delicious sweet. It may also become your best meal, as you will not have ever tasted that flavor before.

Brain Wave Machine

The devels and the military use the brain wave machine to connect to our brain, so they can hear our breathing, know our thoughts before they are formed in our natural brain. They use the brain wave machine to override our speech. The machine can cause us to have delayed speech and delayed forming of words when we are talking and when we cannot remember a word. They use it to remove the words from our minds and thoughts and from our lips. When the brain wave machine is used on us, we have to use fillers to put in the gap in our brain and speech, as our brain is opened and depleted. The military and the devels use this, as they have many different persons from different chreations doing devel work and stationed over your head. They are also stationed in our bodies, and they know what we are doing, so they are there right when we are speaking or thinking to remove the words, the memory, and to interrupt our lives any way they can. The devels use the brain wave machines to burst cells, muscles, veins in your brain and for you to have brain aneurism and brain tumors. The brain wave machine can control your eye, ears, nose, throat, lips, biting, chewing, facial muscles and nerves.

These devels who operate the brain wave machine, they have many voices they copy and carry with them to use in any situation they are in. They have many emotions they carry with them like the emotions of anger, crying when the situation is not strong enough for tears, laughing when there is no reason to laugh, talking when you are to be kept quiet, taking over others when they are talking, making your voice loud when you are talking normal, making your voice low so others cannot hear you when you are talking normal, making you have a lisp tongue when you do not have any, making you stutter when you are normal, and much more variations. They also have connections in their palms that they can use to bridge in the emotion, the high voices, the angry shouting. All they do us to use their fingers to squeeze their palms and you are not aware of their movements or actions and they become a different person. They can also use that same palm connection to contact other devels and you are surrounded by devels who are over your head and your life is interrupted and they control the events of your lives and you are into insurrection and terror they create.

Nakedness

Anyone can walk naked anywhere he or she chooses. Our bodies are made beautifully. Our body is a work of my art as a creator, and you are to appreciate what you have and not compare yourselves to others. Seeing yourselves naked and walking naked make you **not** feel that you have a fault in your body make-up. You are a normal work of art, and you are to enjoy being who you are without hiding yourself and wanting to be those plastic effigies you see and not know they are effigies. No one can be punished for walking naked anywhere at no time.

911 Telephone

The 911 telephone line is only to be used for the Fire Brigade, Fire Engine, and all Fire organizations. The 911 must never be used to call Police.

EMT/EMS/PAMET

Some fire stations, fire brigade, or fire engines have Emergency Medical Technicians and Emergency Medical Service. Others have either one or the other. Some States, City, Town, County have EMS or EMT as a stand-alone or separate agency to handle emergency medical service. Some Ambulance has EMT and EMS instead of fire departments or stations.

The Paulett Angella Multiple Emergency Technician organization is the new name for the EMT and EMS worldwide. This organization is to use the instructions that I have given in Article 7 and other Articles to set up the organization with women and men with the right qualifications and backgrounds suitable for this organization. You are to follow the guidelines and my commands as best as possible and no plastic, rubber, tremoline, or camouflage employees. Do not use any semantics in understanding what to do or in making plans or following my commands.

Reading With Understanding

It is good to read with understanding. Ask yourself what the sentence or paragraph means or what it is saying and read it over again, so you fully understand. Do not mix my information with the devel information, devel ways, or devel process. There is very little good information to help you to understand who you are and what is best for you, as your history and lives have been a deception and humangamengous lies. You have my writings and my instructions. Do not use prayers for any reason. Do not use any Bibles or holy books, or religious books.

Background Viewing

It is good to look into the background of all the events from these documents especially the Articles. When you look into the backgrounds you will see the devels at work. You can look into background number 1, 2, 3, 4, and so on. Many different devels put others in front of them, so you only see those who are front line doers, and you do not get to see the many background workers and the original devels. When you view the backgrounds, it can take up a lot of your time, so it may be a good idea to read all the Articles and the other documents first then go back over and re-read and then look at the backgrounds. The viewing of the backgrounds can take up a lot of your time, and you will miss reading what is important. Whatever is best for you, you decide.

See Your Own Lives Outside These Earths

There is a lot you do not know, as it is not for you to know. Let me share this with you: Outside the Earth they are so many creations areas, where lives are created. Our lives were not created in the Hemmingsphere where we live. It was done in a creation area where only lives are created for specific places. Devils are not allowed in there. Devils have many equipments and accessories they use to zoom in, spy, and find anyone or anything. They then open, use, and take what are not their own. When the lives are created and finished they have to be registered and they have to be put in the outside areas where they are to exist. Then when the creator is ready the creation is open.

The devils stole by killing the many creators and leaders of the creations and put themselves in charge of them outside these Earths. The devils use many others who are not creators to create creations with lives in them. The devils are not to be in creations areas, as it is an area where wicked things and bad things or bad aura are not to be. However, the devils order the creations to be made. Some of them have make up Jesuses and Wisdom, the holy spirit. They wrap them up in a way and put them alive in something which looks like a mummified area or a casket. Then put a large shell around them and they look like a long cylinder. They have many devil equipments, vectors, sorcery, zoners, scanners, microscopical lenses, and many other devil things, machines, tools, and accessories on one side.

On another side of this creation area, are the lives who are being created for this new creations. The devils ordered that the bones from the legs and feet and backbone removed out of the peoples they stole. They use the inner selves of us from any type of Spares (a place outside Earth where we live), and put in a bottle for a new creation of life. The devils use others to join all the flesh together and then they put the hands on, and the hands are disfigured like a chicken foot, but they are hands. The heads are small and not fitting to the body. They add insects and many other species to the peoples body they are recreating. They also put chicken feet on some of the lives, with a big body resembles our bodies, hands that looks like our hands but somewhat disfigured, and a chicken or animal head. They also shape the skin on the lives to look like a tree, and they are not animals. The devils put many curses and many sorcery wickednesses in these creations. The devil fight each other and kill each other in the presence of the lives that are recreated and not open. They use guns and they terror each other in the presence of the lives who are not yet open, and they say the words while inside the creation area where the lives are being recreated, that these lives must have terror and death and killings and murders and rape and disasters, and all the bad thing that you can imagine, or not imagine. The devils get these creations finished and put in the places they are to exist. The devils then put themselves as the leaders of and over the creations.

Many of these creations are opened with difficulties. When the creation is open, and the lives are put to begin, the lives see themselves in desolate places. They have many rocks that they have to drag themselves over to get from place to place, as the areas are desolate and filled with havocs and terrors. The many Jesus and Wisdoms are put as leaders over them, and they are much bigger in sizes than the new reborn ones who do not know that they are recreated and dismantled. They exist in sufferings, terrors, sorcery as the devils put in the creations these bad things to happen. From the very beginning they have terror and wickednesses to face and endure. The devils tell them that they are to exist in that manner, that they are to help

themselves, they are to clothe themselves, they are to provide food for themselves. In the meanwhile, the devel depletes the chreation of its natural resources and the things the peoples are to have. So, the peoples live in sufferings, hunger, lack from generations to generations. Many of them die from starvation from injuries, from diseases, and other things. Then the devel take out their inner selves and put in bottles and do the same recreation process all over again for other areas. Then they put some of the lives in the devels bodies, so they are stuffed up with the people's power and authorities and energy. The insect devels like to work. They like to be kept busy. They like to move around. If you watch an insect, they rarely ever stay still. They are always moving and doing something. That is how insects esist, and they must be able to esist in their own environments without interruption and without changing to become us.

When the insects are in these Earths they do the same. They make work for themselves by tearing down things and recreating them, as that is their nature. They have sex with each other and with their children, mother, father and relatives as that is how they are to live. They are to have incest and insex, and they are to live in swampy areas, tree roots and other places that is their nature. They live on top of each other and that is why they like to build high rise buildings, as it reminds them of the insect lives. If you look at a bee hive and observe a honeycomb, then put it to stand up, some look like many high-rise square shaped hotel and apartment buildings, some looks like a cylinder and other shaped we have today. If you look at some ant nest, you can see that they make their homes with a mound and that they build on top of each other. That is how ants are to live in their own environments, and not in our environment. We are not insects or animals or species, and they are not us "LIFE".

The insect devels on the other hand are happy to recreate us, as they get to do what they want. They kill, they destroy, they murder, they bring disasters, we live in hunger, torture, lack, germs, diseases, and we live like the insects: in the dirt with mud and swamp around us. We live in the forest in the tree roots and on top of the trees. We live in the woodlands and we live thatched houses. We use outside toilets and we use outside kitchen and with the use of wood stoves, and we live just like the insects, animals and species. We live in congested areas like a forest with many trees or a safari with many different animals or many of the same animals esisting together, or many insects esisting together. We live like them, and so they make us be them. They did it! The insect man did it! They are the leeders, and no one can say that a man cannot create, and a man cannot lead lives. Some of those very same lives are here in this Earth, some were cut out, and some were removed and esist outside this Earth in other areas.

He will be putting them in another heat much worse than September 11, if they continue to build in that region with illegal materials and illegal engineering, so the federal can control them and get into the building and destroy New York City much more.
