A MESSAGE FROM FRED

Dear Friends,

I thank God for another opportunity to share with you, our great donors in partnership with Fred's Kids Org. It is true God uses the weak and even at times the despised to put to shame the mighty and wise of this world. A small group of people but with faith, this is Fred's Kids Org together with their kind donors have for a second time sent back to school the biggest group of sponsored orphaned high school students without a hitch. All fee paid, supplies, transport and pocket money taken care of including poor Kane of our Nyasoti church now fully boarding at her school. God is good. A new, bigger back up power generator installed with automatic change over system. No more dark moments even during evening classes and in the day for computer lessons. Sunday church services not interfered with any more. Thank you great friends and donors. It has been a tough season medically for most of the Fred's Kids Kenya family. The organization, through donors, has managed to meet many medical bills and we are seeing great improvements in the lives of the sick. God bless you. It is also tough with the food situation here with prices of our main food doubling but I thank God for regular monthly support of food. This is only possible because our donors care so very much. We appreciate your prayers for our church ministry. I am looking forward to more good working relations and even to more interesting things God has in store for us as a team.

Thanks and God Bless. In Chris,

Fred Otieno

James 1:27

MAIZE

Kenya is not immune to the inflation being felt around the world. Food costs have doubled over the past year and have created a concern for Fred and the children at Marindi Grace Academy. As one the primary

sources of food, having a store of extra maize is very important to the long term success of both MGA and Fred's Kids as an organization. If you're interested in partnering with us to help fill this need, please reach out to the board for more information.

We celebrate with the team in Kenya for the completion of yet another church building during the quarter. We would not be able to accomplish such great things for the Kingdom without your support!

OUR GROWING CHURCHES NEED PERMANENT STRUCTURES

We have 3 churches that have begun the process of building permanent structures. Our goal is to completely finish 1 and have the other 2 at least 75% completed before year end.

YEAR END 2022

As we approach the end of an amazing 2022, the Fred's Kids Board would like to Thank You all for your continued support. We simply could not have accomplished what we were able to do this year without each and every one of you! Throughout this Thanksgiving and Christmas season, we pray that you are blessed and that you would keep Fred, the children, and the rest of the staff in Kenya in your prayers. We are extremely excited about the future and, in particular, what God will accomplish next year through the Fred's Kids Ministry.

TAXES 2022

As a reminder, Fred's Kids is a 501c3 organization which means that all donations are tax deductible. Giving summaries will be mailed out in early 2023 for your 2022 Tax Returns.
