## PRESIDENT'S CORNER

To all Creciente Homeowners:

The Garage project is in full swing and "knock on wood" all is moving forward without any issues. The noise and mess seem to be minimal and we hope this continues.

Remember to tell your contactors to check in and out with the office. Also remind them to use the elevator pads and runners in the hallways. We all need to work together!

Enjoy your Summer and I look forward to seeing all of you return in the fall!

*Mike McBride*

## JUNE DOOR ENTRY CODES

**OWNER CODE: 341**

**VENDOR CODE: 222**

For your security the Vendor door code will change periodically please check with office.

Dear Owners,

If you have any large deliveries or construction schedules, please advise delivery drivers to check in at the office located in the South building for instructions. No truck larger than a Box Truck, except pick ups are allowed into the fountain area on the North and South buildings. We have security cameras in the office. If there is any property damage during a delivery, the owner will be sent a bill. Thank you for your cooperation.

Starting in June we have a new cleaning service. Jan Pro Cleaning Systems will be on property Monday through Friday. We are excited to have them and are confident that we will be pleased with their service.

A reminder to all to PLEASE be patient and cooperative during our Garage Deck Project. Many owners are being denied their parking space due to the construction so we are asking everyone to be patient and understanding if your spot is being occupied. This project is expected to continue through the Summer! Thank you kindly for your understanding!
