

SUMMERFUN KIDS CAMP ANNOUNCEMENT

(May 28, 2020)

We wanted to provide an update to all of our campers and families. Over the past few months we have been gathering supplies, drafting new policies and procedures, creating new safer activities . We have been waiting to see when we would have access to the Harker school and also waiting to see what camp guidelines Gov. Murphy would require summer camps to follow in order to operate this summer.

However, we have just learned that the Harker school will be closed this summer to all students. So our hands are tied and we will sadly have to cancel our entire 2020 summer camp program. This is a difficult email to write, since we know that camp is where memories are made and friendships are forged. We have such great memories from the past 12 years of camp and we were excited to make more this summer. We were so hopeful that we were able to get camp in this summer, but it wasn't meant to be.

We have contacted our vendor SportsConnect and will begin to process all refunds starting the week of June 1. We were told it will take 3-5 days from the day the refund was initiated and will be returned to the original credit card in which the purchase was made. The refund will be under the name SUMMERFUN KIDS CAMP / SportsConnect or something similar. We want to thank everyone who registered for our camp. We can't wait until we can see everyone again at SUMMERFUN KIDS CAMP in the summer of 2021. If you have any further questions, please email us at info@summerfunkidscamp.com.

Stay safe,

Brian Lockman and Eileen Mission
Camp Directors
