

You're invited! Please RSVP

DTI Global Security invites you to witness the Ground Warfare Acoustical Combat System (GWACS).

The demonstration of the **GWACS** will be conducted at
"The Range Complex" on 28-29 Mar 2019
Showcasing the Man-Worn Gunshot Detection technology
created by GWACS Defense, Inc (GDI).

Come join us for this amazing demonstration!

A complete presentation will be given by the GDI Director and Engineers.

WHO: Special Operations Community, LEA, Other Governmental Agencies and Civilian NGOs

WHAT: Gunshot Detection System Live-Fire

WHEN:

28 Mar 2019, 1000-1600 LEA, OGA and NGOs

29 Mar 2019, 1000-1600 Military Units

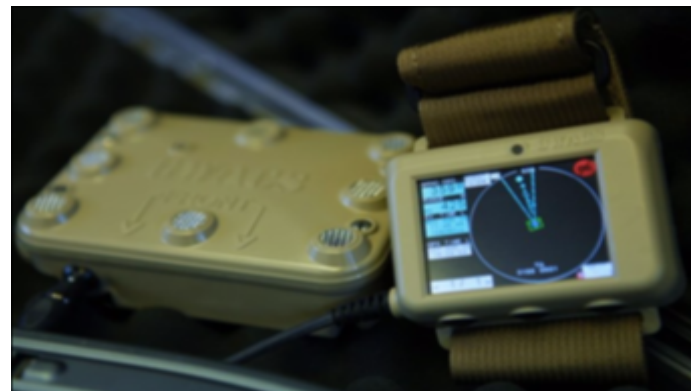

***Shuttle departs 1st SFC @ 0900 and 1300**

**WHERE: The Range Complex,
2850 Tiger Swan Dr, Autryville, NC**

WHY: To increase your knowledge of the lethality / survivability the GWACS brings to your unit.

GDI is an All American company based in Tulsa, OK and is the designer and manufacturer of the Premier Acoustic Detection and Location system designed for urban, rural and complex acoustic environments.

GWACS is DoD Berry Act Compliant.

**Event Sponsored by: DTI Global Security
and endorsed by R2A Interagency Task Force**
