

# Lornic Design Hog Scraper Paddle

## Part Number Matrix

	Base Block	Bushing Style:	# Cleats:	Mounting Bolt Size:	Mounting Bolt Spacing
<b>Final Part Number:</b>	<b>593</b>	<b>- 2</b>	<b>3</b>	<b>2</b>	<b>62</b>
<b>Base Block:</b>					
Standard Duty ( SD )	393				
Heavy Duty ( HD )	593				
<b>Bushing Style:</b>					
hole only, no bushing - 1-1/8" from base - HD Backer		H			
hole only, no bushing - 1" from base - SD Backer		S			
straight (1/2" Stock, others special order)		1			
shoulder, (1/2", 5/8" Stock, others special order)		2			
<b># Cleats:</b>					
0 cleats (backer)			0		
3 cleats			3		
5 cleats			5		
<b>Mounting Bolt Size:</b>					
1/2"				2	
5/8"				5	
9/16"				9	
<b>Mounting Bolt Spacing</b>					
62mm ( standard )					62
2-1/2"					25
60 mm					60

**Notes:**

593 available as backer blocks, but not recommended

The dimension from the base of the paddle to the mounting holes differs between the HD and SD Paddles.

"H" bushing style should be ordered to use with HD paddles.

"S" bushing style should be ordered to use with SD paddles.

**We can custom build to order any size / style / combination not listed - just ask!**

Sample part number above would be: 593 Paddle, Shoulder Bushing, 3 Cleat, 1/2" Bolt, 62mm spacing
