

Hi Friends,

My name is Sam and I am joining the team as the manager of the south location. Growing up, I had a hand in raising my sister's children and babysitting. I have always loved children and being able to be a positive influence on young lives.

I am extremely excited to be a part of this amazing team with some great values. My background comes from restaurant management and guest relations, so I am thrilled to be able to broaden my horizons and learn even more about what it is to give a great customer experience.

Fun Fact: I played the violin, guitar and piano in high school.

- Ms. Sam
