

b Breeze - Patient App: iOS

Requesting an Appointment

1. In the Appointments section, tap **Add**.

2. Tap on the **Provider** that you would like to see in the office.

3. Tap on the **Visit Type** you would like to schedule.

4. Tap on **Range** to choose the date that you would like for your visit.

Note: The next available 100 appointments appear by default.

Select a date using one of the following methods:

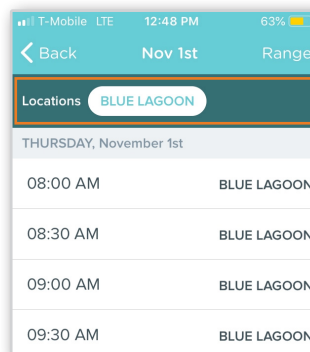

a. **Single Date:** Tap the date that you would like to schedule and tap **Apply**.

b. **Date Range:** Tap on two dates in the future to create a date range between them.

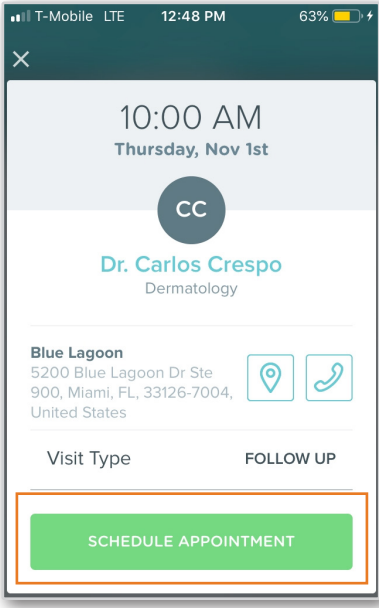

5. Based on your selection, Breeze will present available options. Tap on the appointment you would like to book.

Note: If your practice has multiple locations, simply just tap on the location name you would like to see availability for.

b Breeze - Patient App: iOS (iPhone)
Requesting an Appointment

6. Tap **Schedule Appointment** to complete the process.

 **Note:** Your appointment request may appear as:

-  **Pending:** The appointment request needs to be approved by the practice.
-  **Scheduled:** The appointment does not need request approval from the practice.

7. The appointment is now scheduled and will appear on your appointment list.
