

WESTERN CANADIAN REGIONAL

MODEL CONTEST

2017

Dear Sponsor:

It has been 22 years since the Rocky Mountain Model Club held our first Model Contest. Since then the event has grown to such an extent that it is named the Western Canadian Regional Model Contest.

Participating modelers travel to Calgary from all across western Canada and even the northwestern United States. This is largely due in part to the contest promoting and support that our sponsors provide.

The upcoming WCR Model Contest will once again be hosted by the RMMC. We are well into the planning stages, and are planning big! **Saturday June 10th, 2017** has been selected for the date.

The RMMC would like to invite you to become a sponsor of the Western Canadian Regional Model Contest. Sponsorship can take many forms, such as providing merchandise for raffle or Silent Auction prizes, sponsorship of the contest sections, or by sponsoring a "Special Award" for a nominal fee. As you can see, support for the contest can come in a form that best fits your particular wishes.

The contest information can be found at its own website: www.wermc.ca, or accessible via our club website: WWW.ROCKYMOUNTAINMODELCLUB.CA

On it you will find additional information about the show, entry forms and Contest Category's ready for your perusal. All our sponsors are also listed here giving them further exposure. Additional information may be obtained by emailing rmmc_contest@hotmail.com

The Rocky Mountain Model Club's Contest Committee would like to thank you for your continued support and we look forward to hearing from you.

Saturday June 10th 2017 Bomber Command Museum of Canada, Highway 2, Nanton, AB
