Diablo is the lone 180A son in our offering but he is a good one! His 80 lb. birth weight makes him a good candidate for your heifer pen and he is much smoother shouldered than his picture suggests. There are many good cows in this bull's pedigree.

## HMS HI-CLIFFE

THE MILLHAM FAMILY

HMS Hi-Cliffe, owned by Carmen and Brenda Millham; Hunter, Morgan, and Sydney. We are a small family ranch of 20 purebred Polled Herefords; who are passionate about raising quality cattle for the commercial and purebred industry.

Recent accomplishments are:  
2017 Gold Sire and Gold Dam Award Winners, 2016 Grand Champion Horned Bull at Lloyd's Stockade Roundup, 2016 Western National Reserve Grand Champion Female, 2015 RBC Supreme Top Ten Finalist Bull, 2013 Junior National Grand Champion Female, Two-Time National Reserve Grand Champion Bull.

Bulls feeding regime: Free choice hay supplemented with Masterfeed Propel and a vitamin/mineral mix.

Processing protocol: IBR, BVD, BRSV, Pasteurella, H.somnus, and Blackleg vaccines in the spring and fall, endectocide and fly control.

Homozygous Polled. This is a powerful bull that speaks for himself out of Sammy (two time National Reserve Grand Champion Bull). His dam Sally has produced one of the top bull calves in the pen for the last three years – a very consistent producer. Her last year's bull, we retained to successfully breed our own heifers.

Homozygous Polled. Emperor was in our fall show string last fall, winning Intermediate Bull Calf Champion at Lloyd's Stockade and placing fourth at CWA'17. An Ultimate son out of a Standard Hill cow who produces show quality stock each year.

EMPEROR 170E

## TRIPLE H FARM LTD.

LYAL, MICHELL HEIDECKER & FAMILY

Triple H Farm Ltd. is a mixed grain and cattle operation. We run Hereford bulls on our 130 cows and have built our purebred cowherd up to 50 so far. Our bulls get vaccinations and Noremectin every spring and fall. The bulls are run on pasture in summer and fed hay in the yard without a lot of extra feed. We are offering two bulls out of an embryo program, one from an AI program and one out of our own herd bull. 8D was used as a yearling to breed a group of our heifers last summer. They each offer different qualities but they all have been selected to be functional and fertile. Give us a call if you have any questions if you would like help selecting a bull that compliments your herd. We hope you enjoy the sale and we look forward in meeting up with new and old friends.

Lyal Heidecker
