

I have been playing softball in Sun Lakes for about 10 years. I started playing on Saturday's while I was still working but was lucky enough to retire in 2016 and have played in the league now for 4 years. I also participated in last year's summer session as a manager. I umpire when not playing. It has been an honor and privilege to participate in SLSSA. I would welcome the opportunity to work on the board to contribute to the great organization that has given me so much pleasure and allowed me to make a great number of new friends.

My name is Doug Warwick. I am in my third year of playing in SLSSA. Since the separation into the Sun and Lakes Divisions, I have played in the Lakes Division. This wonderful softball league, which is in reality all the men who play this game we love, has been a great blessing to me! My heart is to give something back to the men by serving them with the best of my ability.

Bill Corso is a current board member.
