### QUALIFICATION STATEMENT

Outdoor Systems Management, LLC. (OSM), is a Native American owned & operated company providing government, commercial, Industrial and residential clients with quality, affordable construction services in Arizona.

OSM is fully licensed, insured and bonded. Our services include: concrete flatwork, block walls, fencing, dust control, road stabilization, landscape, water construction, and maintenance. We also perform repair services, landscape design build services; as well as irrigation design, construction, and maintenance.

While OSM is primarily a self-performing company, we have developed a broad set of professional relationships that enables teaming and sub-contracting to fit a wide variety of client needs and requirements.

- ✓ OSM is 100% Native American Owned.
- ✓ OSM is registered 8A, DBE, MBE and SBE business.
- ✓ OSM possesses over 50 years of combined experience in construction management.
- ✓ OSM has 35 years of experience in the development and implementation of project quality control manuals. inspection plans and quality assurance programs for a large variety of projects.
- ✓ OSM self performs commercial and residential landscape design and construction, concrete flatwork, block walls and fencing.
