

## STUDENT LEADERSHIP SYLLABUS | CHARACTER

---

### LEVEL 3 | Leadership

Here we have provided a sample outline for your student's leadership training curriculum. We recommend choosing one day per week that will serve as your leadership training day. On this day, your student will follow the prescribed lesson plan below.

If you will be using the entire leadership package, you will make use of each of the resources mentioned in the outline. If you have purchased portions of the package, you will only complete the steps for the portion you own. For example, if you purchased the 8 Crazy Cool Rules Book only, you will follow the outline for the book and ignore the Online Videos portion of the schedule.

Once your student has completed that particular lesson, they may mark the date they completed that lesson in the appropriate box.

The resources referenced in this outline include:

- 8 Crazy Cool Rules of Leadership Book
- 32 Online Supplemental Videos
