ANNIVERSARY

AMF

Wing
Archery Equipment
1972

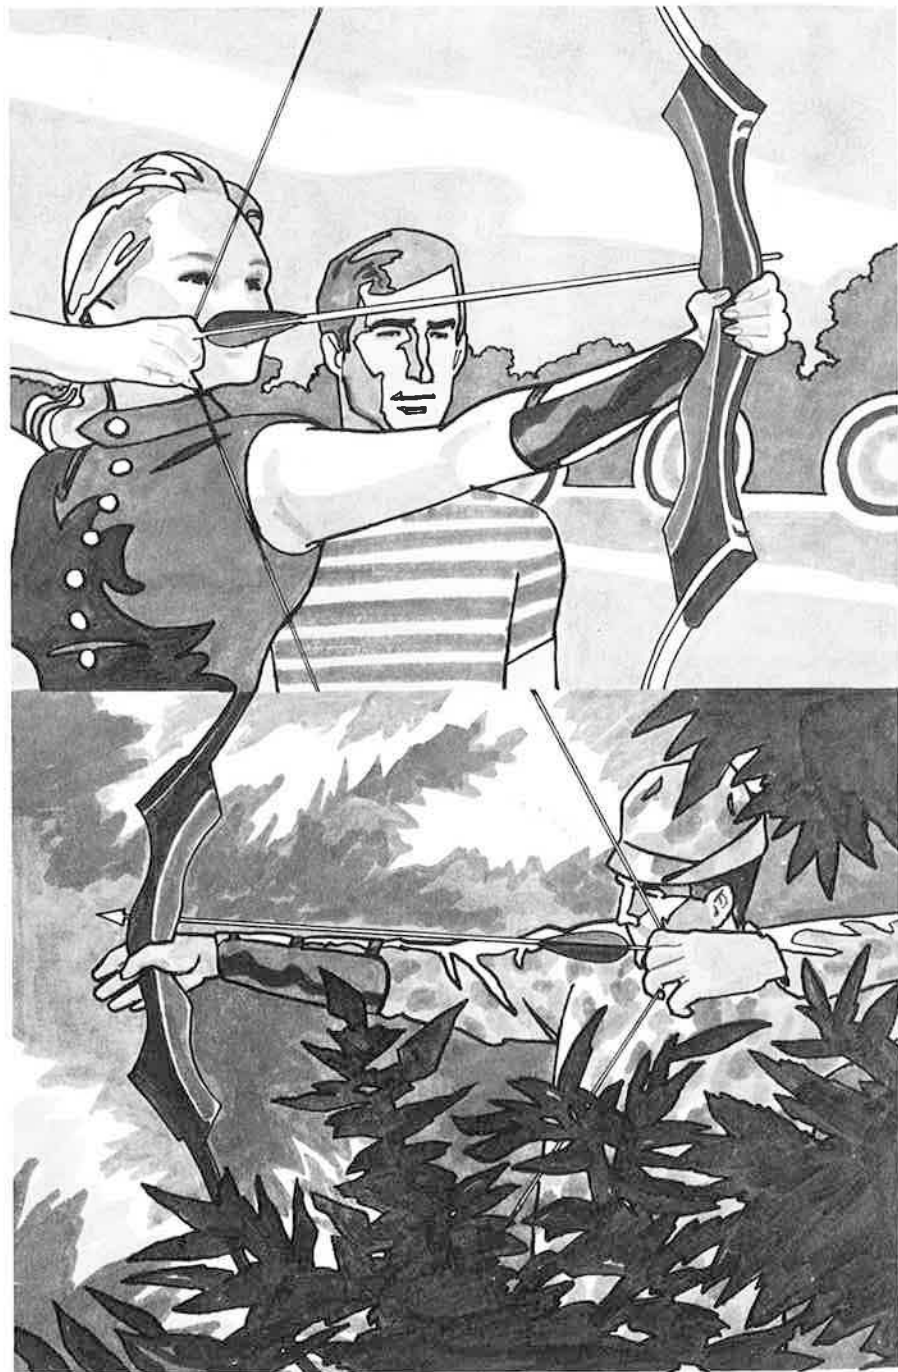

**...FEELS BETTER,
SHOOTS BETTER,
IS BETTER!**

Welcome to the world of Wing Archery. Whether you are a beginner looking for a new and demanding sport, or an old timer who knows the thrill of competition shooting and bow-hunting, we think you'll find many things of interest throughout these pages.

This is the big year for archery with many exciting tournaments capped, in the fall of the year, by the 1972 Olympic target competition to be held in Munich, Germany. The increased, worldwide attention to archery is sure to swell the number of ardent archers throughout the globe.

And this is a big year for Wing Archery Company. Of the many changes and innovations in the Wing line for 1972, perhaps the most exciting is the introduction of new WINGWOOD high-density exotic hardwood in the riser section of many Wing bows. The result of advanced technology by Wing Archery and AMF, Incorporated, new WINGWOOD is harder, tougher, lasts longer and is more beautiful than previously used riser material. We think you'll be just as excited and just as pleased about this innovation in bow making as we are.

Everyone in the Wing organization invites you to look through the pages of this, Wing's 20th Anniversary Catalog, and become part of a most personally fulfilling sport.

A MESSAGE FROM BOB LEE.

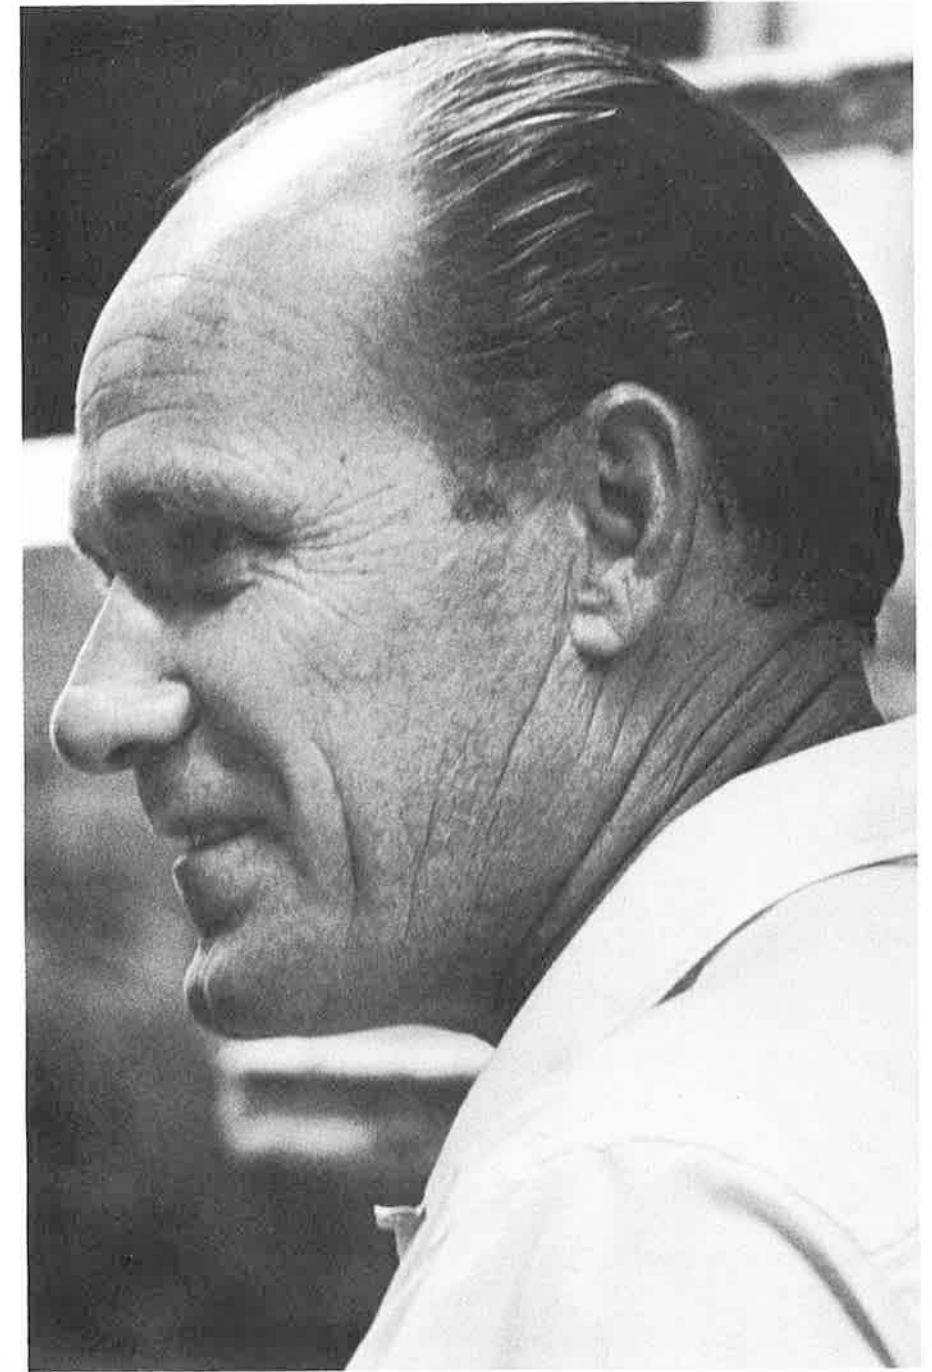

Archery is a bold and dramatic sport, demanding the best of both the archer and his equipment.

Because I, personally, have been so deeply involved in the sport of archery for so many years, I really appreciate the demands on both. This is just one reason why, when I founded Wing Archery Company more than two decades ago, I dedicated the plant to the production of only the finest, highest-quality archery equipment of all types.

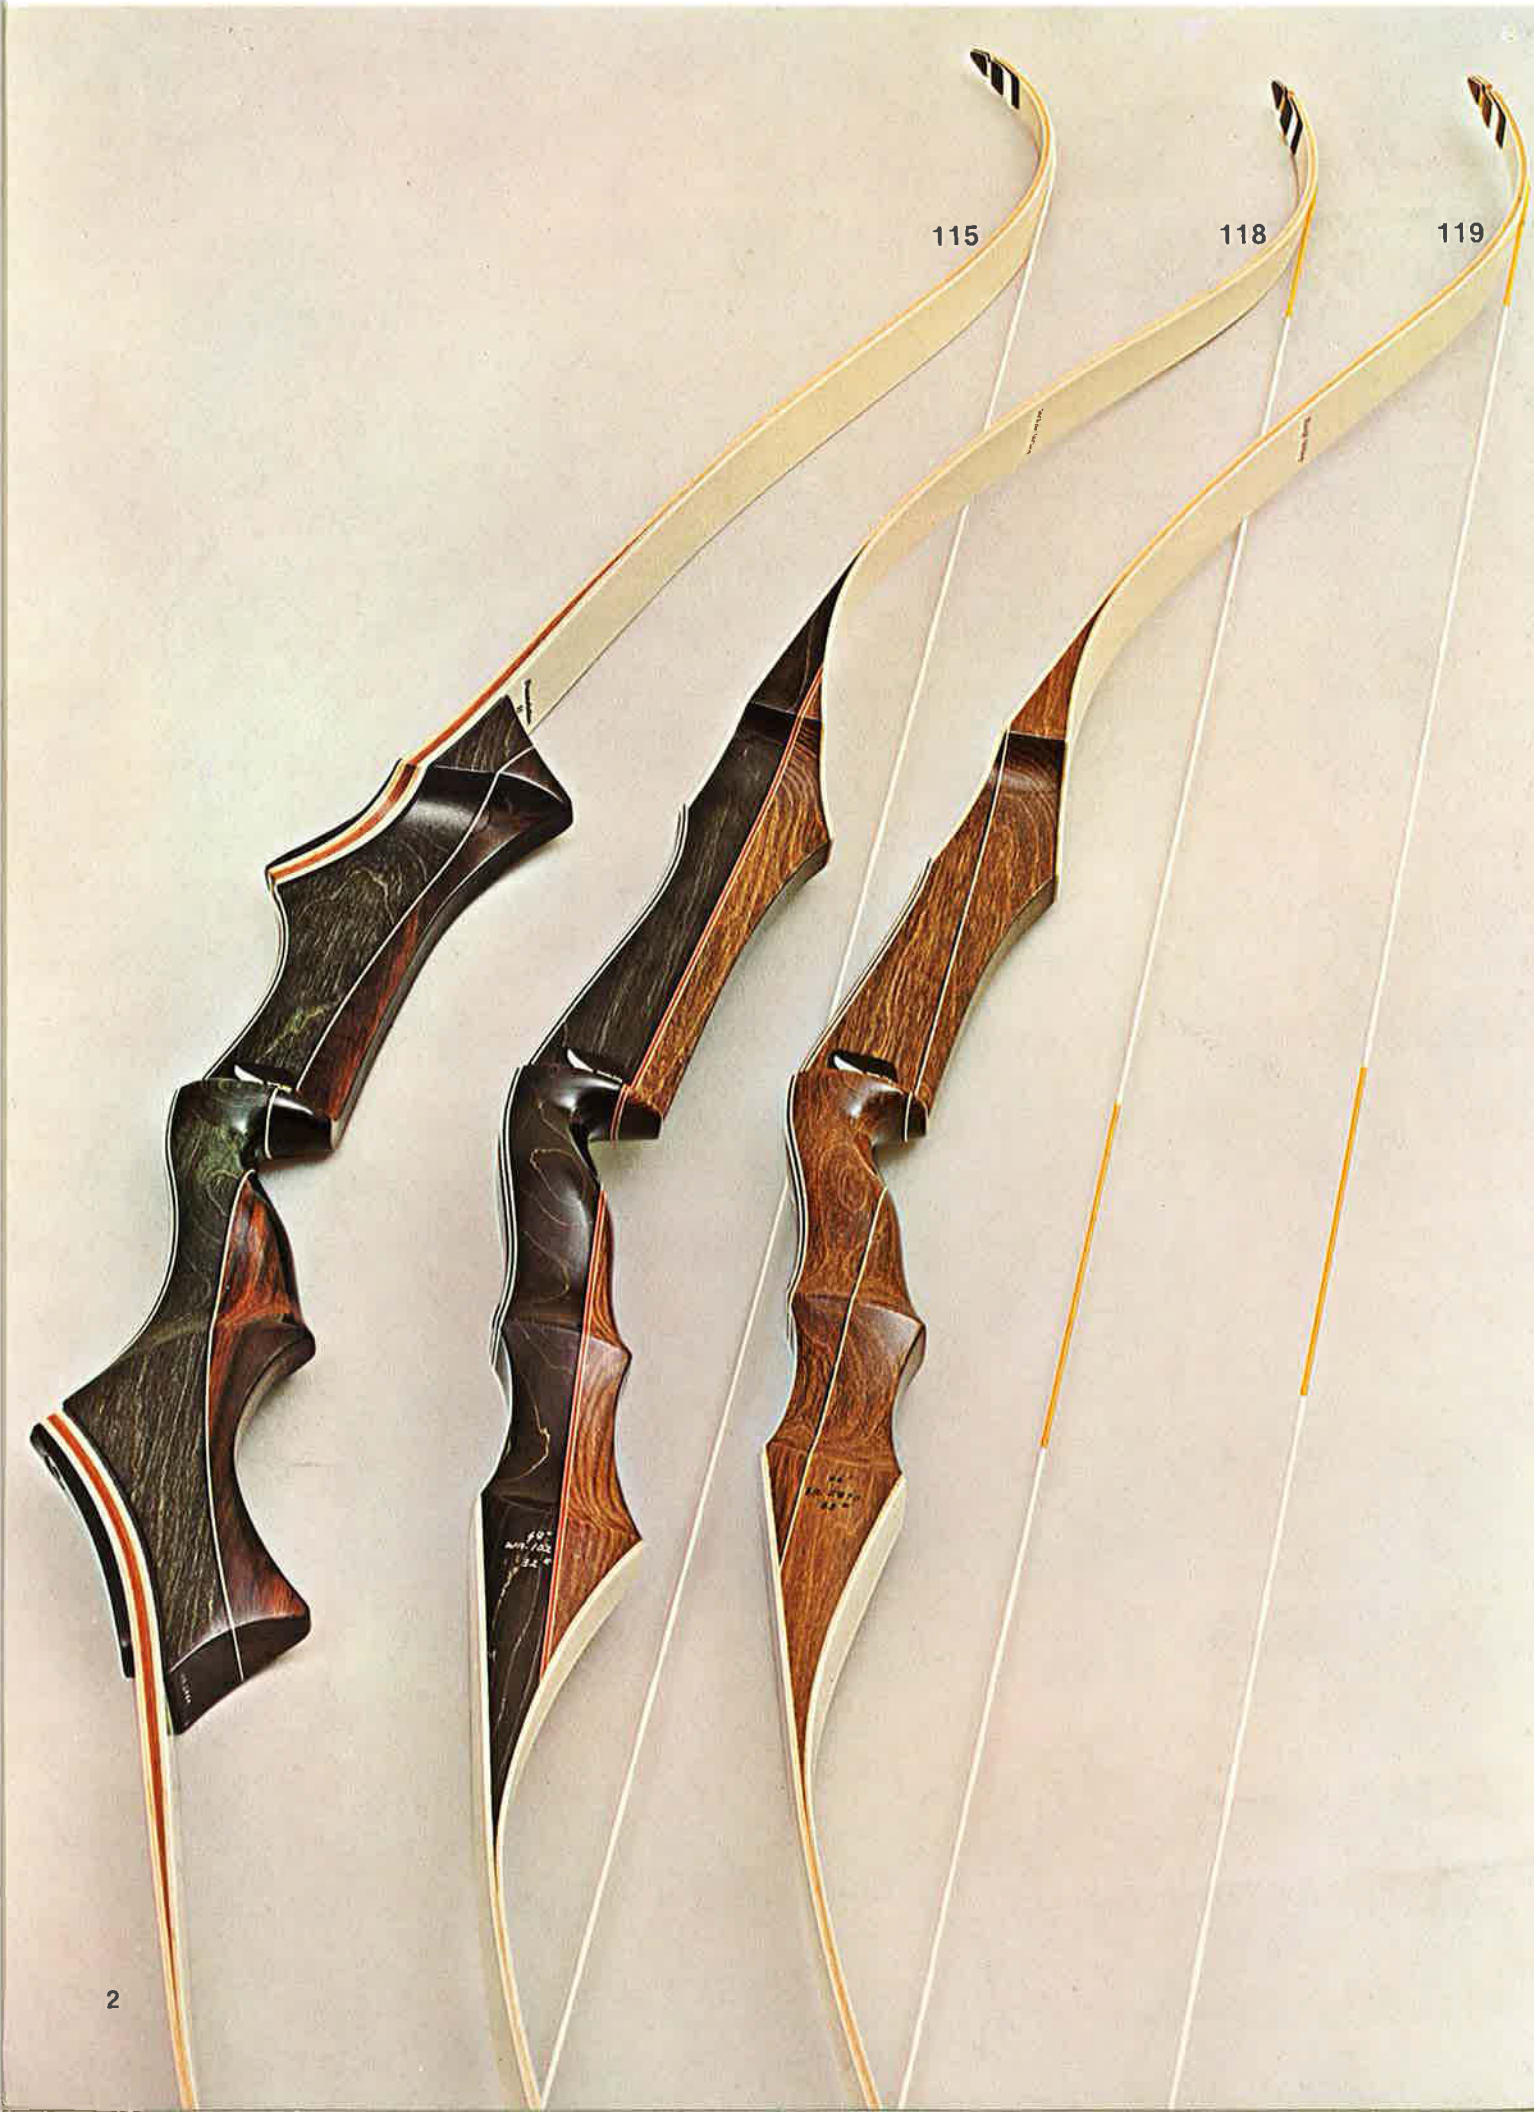

That's what you'll find in the pages of this catalog. The best archery equipment you can buy, anywhere. I know, because this year, as in all the previous years, I have personally contributed to the design of each piece as well as tested each design thoroughly and to my satisfaction.

All of us here at Wing Archery are dedicated to the making of archery equipment of meticulous design and unvarying quality so that every archer can experience a more enjoyable, rewarding sport.

One final thing about this new Wing equipment. It is equipment of singular beauty that is really exciting to see and hold. I hope that you will go to your nearest sporting goods dealer and see for yourself just what strides have been made in this great sport by Wing Archery for 1972.

WING ARCHERY COMPANY

WING TARGET BOWS

PRESENTATION II

The ultimate achievement in bow making. In looks, feel and performance, no other bow made meets the standards of this exceptional bow. Heralded as one of the world's finest target and hunting bows, the Presentation II target model serves as the basis for the styling for all Wing bows.

Wing's exclusive limb-coupling feature, found only on the Presentation II, allows quick and easy changing of limbs. Three sets of limbs are available in a variety of draw weights for maximum versatility. After target season is over, merely replace the target limbs with the 62" hunting limbs and go after your trophy with the same, familiar bow in your hand.

A sight window cut well past center insures plenty of adjustment for any size arrow. Five stabilizer positions and a built-in stabilizer insert adapter are provided for exact mass and stability adjustments. The carefully designed grip of Presentation II discourages torquing during draw, thus greatly improving consistency and accuracy.

STANDARD EQUIPMENT includes: Padded Vinyl Case (specify Long or Short), Stabilizer Insert Adapter, Wing Flip Rest, Pro String with monofilament serving.

OPTIONAL EQUIPMENT: Wing Stabilizer (p. 20), Wing Sight Extension (p. 19), Wing Adjustable, Spring-Loaded Panic Button (p. 17), Bow Quiver Adapter Limb Bolts (p. 17), Bow Quiver (p. 17), Quick-Attach Fishing Reel (p. 16), Custom Carrying Case (p. 14), Bow Stringer (p. 17).

AMO Lengths: 62", 68", 70"
 68" and 70" — 25 to 50 lbs.
 Weights: 62" — Stocked in 40, 45, 50, and 55 lbs. for 35, 60 and 65 lbs. please allow additional delivery time.
 Riser: Black WINGWOOD and EAST INDIAN ROSEWOOD, with a decorative Ebony and Pearl cap.
 Glass Color: 70" and 68" — White; 62" — Black
 Catalog order: **115** (complete)
 Handle only: **116**
 Limbs only: **117** (pair)

All specifications in this catalog are in accordance with standards of the Archery Manufacturers Organization.

WHITE WING

The White Wing duplicates most of the superb features of Presentation II, but at a lower cost. For beauty as well as function, the riser section is of new WINGWOOD with an eye-catching, contrasting cap. Beauty in appearance only accents beauty of design in White Wing. The sight window, cut well past center, insures maximum performance with any arrow. The grip fits your hand in such a way that torquing effects are minimized. White Wing—an outstanding hallmark of excellence in a competitively priced bow.

STANDARD EQUIPMENT includes: Padded Vinyl Bow Case, Stabilizer Insert Adapter, Wing Flip Rest, Pro String with monofilament serving.

OPTIONAL EQUIPMENT: Wing Stabilizer (p. 20), Wing Sight Extension (p. 19), Wing Adjustable, Spring-Loaded Panic Button (p. 17), Bow Stringer (p. 17).

AMO Lengths: 68" and 70"
 Weights: 25 to 50 lbs. at 28" draw length
 Riser: New WINGWOOD with contrasting color cap
 Glass Color: White
 Catalog order: **118**

SWIFT WING

Heavily influenced by the design of Presentation II, Swift Wing is a fine target bow as well as an excellent choice in hunting bows. Its standard 66" length also lends itself to use as a ladies' tournament bow. Swift Wing is an economically priced bow, but with features found only on more expensive counterparts. An exceptionally handsome bow, Swift Wing's riser features new WINGWOOD.

STANDARD EQUIPMENT includes: Built-In Stabilizer Insert Adapter, Wing Flip Rest, # 701 Bow string.

OPTIONAL EQUIPMENT: Padded Vinyl Case (p. 14), Wing Stabilizer (p. 20), Wing Sight Extension (p. 19), Wing Adjustable, Spring-Loaded Panic Button (p. 17), Pro String with monofilament serving (p. 16), Bow Stringer (p. 17).

AMO Length: 66"
 Weights: 25 to 40 lbs. at 28" draw length (also available in hunting weights 45, 50, and 55 lbs.)
 Riser: WINGWOOD
 Glass Color: White
 Catalog order: **119**

WING HUNTING BOWS

PRESENTATION II HUNTER

By using 62" limbs on this versatile bow, Presentation II becomes one of bowhunting's most admired trophy winners. The added mass of new WINGWOOD in the riser section contributes to increased accuracy, increased consistency. The smoothness of advanced limb design gives extra speed and maximum cast to every shot. Standard equipment includes such extras as a padded vinyl bow case (specify Long or Short), stabilizer insert adapter, and bow quiver adapter screws. The ultimate in convenience is the exclusive limb-coupling feature of Presentation II, quickly converting the bow from a fine target model to a superb hunting bow. With limbs taken down, transportation to the field is easier than ever. Presentation II Hunter—the confidence and consistency that comes only from a top competition bow, coupled with the rugged, no-nonsense strength and power of a serious hunter's bow.

OPTIONAL EQUIPMENT: Wing Stabilizer (p. 20), Wing Sight Extension (p. 19), Wing Adjustable, Spring-Loaded Panic Button (p. 17), Wing Hunting Sight (p. 20), Wing Bow Quiver, (p. 17), Wing Quick-Attach Fishing Reel (p. 16), Custom Carrying Case (p. 14), Bow Stringer (p. 17).

AMO Lengths: 62" ... also available, 68" and 70"

Weights: 62"—Stocked in 40, 45, 50 and 55 lbs. For 35, 60 and 65 lbs., please allow additional delivery time.

Riser: Black WINGWOOD and EAST INDIAN ROSEWOOD, with a decorative Ebony and Pearl cap.

Glass Color: Black

Catalog order: 115 (complete)

Handle only: 116

Limbs only: 117 (pair)

THUNDERBIRD

Rugged, solid and masculine, Thunderbird is an all bowhunter's bow. With a distinctive riser section of new, high-density WINGWOOD, the Thunderbird has plenty of mass weight for added accuracy. Along with many other design features borrowed from the Presentation II Hunter, Thunderbird's limb design provides the perfect combination of smoothness and maximum cast. Available in 54" length for the hunter looking for real compactness in tight areas, and in 62" length for the hunter who likes the feel and added stability of a longer bow. Included as standard equipment are insert adapters to accommodate Wing's ultra-lite Bow Quiver and Quick-Attach Bow Fishing Reel.

OPTIONAL EQUIPMENT: Wing Bow Quiver (p. 17), Wing Hunting Sight (p. 20), Wing Quick-Attach Fishing Reel (p. 16), Bow Stringer (p. 17).

AMO Lengths: 54" and 62"

Weights: Stocked in 40, 45, 50, and 55 lbs. For 35, 60, 65, and 70 lbs., please allow additional delivery time.

Riser: Black WINGWOOD

Glass Color: Black

Catalog order: 120 (62") and 121 (54")

RED WING HUNTER

The standard of excellence in hunting bows. Since its introduction, no other bow has matched the acclaim and respect professional game hunters have given Red Wing Hunter. Rugged, functional, without fancy frills, Red Wing Hunter is the reliable bow that consistently performs without excuses. While many bow makers try to copy Red Wing, you'll find no other match in the hunting field. Standard equipment includes inserts for Wing's Bow Quiver and Quick-Attach Fishing Reel. The Red Wing Hunter comes in two lengths to suit any hunter's needs. Both lengths travel compactly and easily. Red Wing Hunter styling features a new WINGWOOD riser section for strength and beauty, and glass of natural brown.

OPTIONAL EQUIPMENT: Wing Bow Quiver (p. 17), Wing Hunting Sight (p. 20), Wing Quick-Attach Fishing Reel (p. 16), Bow Stringer (p. 17).

AMO Lengths: 52" and 58"

Weights: Stocked in 40, 45, 50, and 55 lbs. For 35, 60, 65 and 70 lbs., please allow additional delivery time.

Riser: WINGWOOD

Glass Color: Brown

Catalog order: 122 (58") and 123 (52")

WING UTILITY BOWS

FALCON

More than just a beginner's bow, Falcon has full working recurves, a form-fitting handle, wide overdraw and full-center sight window for the real excitement of archery. The Falcon offers performance and design features usually found only in more expensive bows. The riser section of exotic hardwoods blends beauty with dependability.

AMO Length: 62"
Weights: 20—25—30—35—40—45—lbs.
at 28" draw length.
Riser: Exotic Hardwood
Glass Color: Assorted
Catalog order: 124

NIGHT HAWK

The ideal beginner's bow, designed to help develop technique easily and gradually. Nighthawk's semi-recurved limbs deliver accuracy and cast. The Hardwood Maple riser, form-fitting handle and attractive glass colors add beauty to an inexpensive bow.

AMO Length: 60"
Weights: 15—20—25—30—35 lbs. at 28"
draw length.
Riser: Maple
Glass Color: Assorted
Catalog order: 125

LITTLE WING

The perfect bow for the youngster who wants to start off right! The Little Wing has all the features of Mother's or Dad's bow, including a Tropical Hardwood riser, glass and Maple laminated limbs, contoured handle, center shot sight window, and, most of all, exciting performance. *This* is the way to build an archer!

AMO Length: 48"
Weight: 15 lbs. at 24" draw length
Draw Limit: 28"
Riser: Exotic Hardwood
Glass Color: Assorted
Catalog order: 126

WING HUNTER BOW. Solid Glass Recurved Bow. 56", 45 lb. Packed four to a carton. Catalog order: 906.

WING ARROWS: SHAFTS AND POINTS

From bowhunting to top competition target shooting, you can depend on Wing arrows to be straight on target, every time. Precisely matched and uniform, all Wing arrows are exceptionally well made, reflecting the fine equipment and skilled craftsman that stand behind every dozen.

Wing makes three basic types of arrows—aluminum, fiberglass and wood. In aluminum shafts, Wing offers its popular Red Wing arrow, and Wing aluminum Target arrows. All feature Easton's shafting for professional-grade aluminum arrows. Two grades of fiberglass arrows, Wing Custom Glass and Wing Glass, offer the archer a choice in price ranges of a straight, tough shaft, unaffected by temperature or moisture. Wing's Port Orford Cedar wood arrows are manufactured using the finest Cedar stock available, and offer economy in a carefully spine and weight-matched wood arrow.

All arrows are measured in accordance with AMO Standards.

ARROWS

203/204. WING TARGET ALUMINUM, 24 SRT-X. Sizes: 1616, 1716, 1816, 1916, 1718, 1818. #203—Full length, points unattached, specify Bow Weight; #204—Cut to length, Target Points installed, specify Bow Weight and Draw Length.

RED WING ALUMINUM HUNTING ARROWS

20th ANNIVERSARY CATALOG

Wing Archery Company celebrates 1972 as the 20th anniversary of the Company. From a small beginning in 1952, Wing Archery has grown into one of the world's largest and finest manufacturers of highest quality archery equipment. Organized and headed by world-famous hunting and field archer Bob Lee, the Wing Archery Company embodies a spirit of personal involvement with all products, combined with a dynamic pattern of revolutionary new designs. Personally tested and evaluated by Bob Lee, all Wing equipment must pass his inspection and approval. In the manufacturing process, Wing Archery incorporates an uncommon number of quality control checks, assuring the customer of only the best quality of all Wing items.

1972—twenty years of experience under our belts, and looking forward to an exciting future.

... FEELS BETTER, SHOTS BETTER, IS BETTER!

WING LEATHER GOODS

408

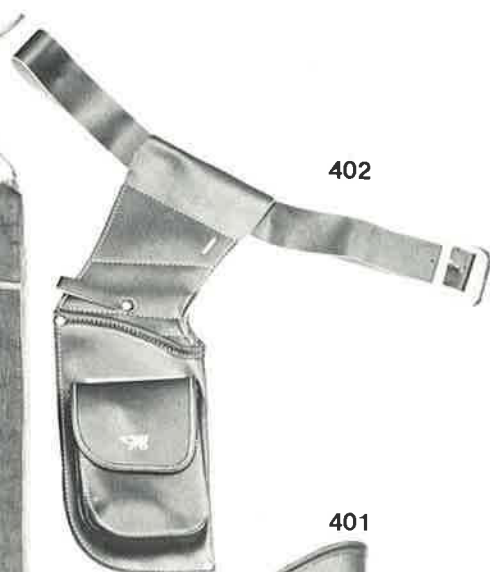

409

406

407

402

401

403

405

401. WING PRO QUIVER. A fine side quiver of top grain leather. Designed to pro specifications. Complete with belt clips, score card pocket and large zippered pocket for accessories. Leather divider strap. Black only. Specify right or left.

402. WING HOLSTER QUIVER. Quality top grain leather and comfort styling make this a popular holster quiver. Beautifully trimmed and stitched. Large accessory pocket with Velcro closing flap. Score card and pencil pockets. Leather divider loop. Complete with contour belt. Black only. Specify right or left.

403. WING TOURNAMENT QUIVER. Extra handy belt quiver — snaps on or off without having to remove belt. Light weight, custom grain finish. Economically priced.

405. STUDENT BELT QUIVER. Tough, leather-like material. Belt loop. Holds 6-8 arrows.

406. PADDED BOW CASE. Leather-grained vinyl with 3/8" padded lining. With carrying handle. Specify length — 52", 62" or 66". (66" case will accommodate bows to 72".)

407. FLANNEL BOW CASE. Durable flannel with soft nap finish. Tie-down flap, 6" wide. Specify length—63" or 72".

408. PRESENTATION II CUSTOM BOW CASE. Tailored as fashionably as your personal luggage, the Presentation II case of high-impact, feather-weight BOLTRON, provides a safe, easy-to-handle case for your Presentation II. A handle and one or two sets of limbs are totally protected by two removable, non-slip foam interliners. Space is provided behind the protective linings for such extras as arm guards, gloves, tabs and other items.

409. PRESENTATION II PADDED VINYL CARRYING CASE. An attractive zip-up case made especially for the Presentation II with its limb-coupling feature. Handily holds one set of limbs and one handle, with pockets provided for stabilizer and bow sight. Most convenient for the archer who wants to save space traveling to tournaments or on hunting trips. Padding offers protection to save you the worry of damaged equipment.

WING LEATHER GOODS

410. TAN DOUBLE-SEAM GLOVE. Closed end, soft leather tip. Specify size: S, M, L or XL.

411. BROWN SINGLE-SEAM GLOVE. Open end with heavy-duty elastic. Specify size: S, M, L or XL.

412/413. PRO GLOVE. Top-quality, form-fitting, double-seam glove with closed end tips. Elastic webbing insures perfect fit. Black; comes in cowhide or Corfam. Specify size: S, M, L or XL. #412—Cowhide; #413—Corfam.

414. WILSON TAB. New, improved tab from Wilson is cut to fit more comfortably than ever. Felt finger fenders provide excellent protection. Right or left hand, S, M or L.

415. RING TAB. The most comfortable tab available. Two size rings with each tab to insure fit. Eliminates finger irritation. Soft, leather-backed. Available in Cordovan or Hair; right or left hand; size S, M or L. Please specify.

416. COWHIDE TAB. Soft, leather-backed. Specify right or left hand; size S, M or L.

417. ARM GUARD—JUNIOR. Split leather. Two elastic loops. Jiffy hook fastener.

418. ARM GUARD—LADIES AND YOUTH. Top-quality leather and stitching. One steel reinforcement rod. Velcro fasteners.

419. ARM GUARD—VENTILATED. Field or hunting guard, ventilated for comfort. Three steel reinforcement rods. Velcro fasteners.

420. ARM GUARD — HUNTING. Larger arm guard for hunting, with three steel reinforcement rods. Velcro fasteners.

421. ARM GUARD—RANGE. For maximum protection. 11-1/2" long. Four steel reinforcement rods. Ventilated. Velcro fasteners.

423. STANDARD BOW SLING. A must for tournament shooters. Keeps bow securely in hand. Has self-adhesive. Fastens easily on bow.

424. BOW SADDLE. Self-adhesive. Installs in seconds. Eliminates bow slipping in hand.

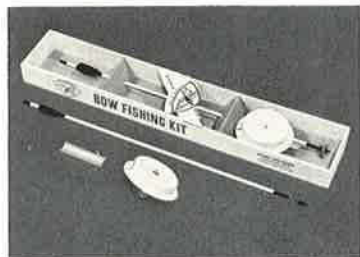

425. CHEST PROTECTOR. The only really cool protector available. Elastic lacing allows perfect fit. Completely adjustable. Specify size: S or L; right or left handed. Specify color: black or white.

WING BOWFISHING ACCESSORIES

WING BOWFISHING KIT

Wing's bowfishing kit gives you every accessory you need to fully enjoy this exciting archery sport. There is 50-feet of strong, braided nylon line, a smooth-feeding reel with attached bracket for easy taping to bow (or, a new Quick-Attach model that screws onto all Wing hunting bows), and the toughest fiberglass arrow made, complete with easy-off, case-hardened harpoon head.

601. COMPLETE KIT (excluding bow) with double-barbed point (#607) and new, improved tape-on reel and line (#604).

602. Same as #601 with Quick-Attach Reel (#603).

603. New, improved **QUICK-ATTACH REEL AND LINE**, complete with 50-feet of nylon line. Quickly screws into the lower bow quiver adapter on all Wing Hunting Bows.

603

604

604. New Improved **TAPE-ON REEL AND LINE**, complete with 50-feet of nylon line. Fits all hunting bows.

605. LAYFLETCHED ARROW with Easy-Off point (#607).

606. LAYFLETCHED ARROW without point.

607. Double-Barbed **EASY-OFF HARPOON HEAD** with case-hardened, Easy-Off tip.

608. Extra Double-Barbed **EASY-OFF TIP**.

609. Extra **EASY-OFF SHANK**.

610. 50-Foot braided **NYLON LINE**.

611. Extra **LAYFLETCH**.

612. AQUA-KILLER Single-Barbed Point. No time lost removing point. Closes completely. Automatically opens to 2" on drawback when retrieving game.

WING BOWSTRINGS, STRING ACCESSORIES, ARROW RESTS

613. MAC'S BOW REEL. A sturdy 11-1/4" diameter solid steel reel with detachable, tape-on brackets. Reel mounts so that arrow is shot through center of reel, assuring even feed-off of line. Complete with 70-feet of 80-pound test nylon line. Fits all bows.

701. CUSTOM BOWSTRINGS. Made of finest Dacron. This continuous fiber Dacron thread insures longer string life. Specify lengths: 48", 50", 52", 54", 56", 58", 60", 62", 64", 66", 68", 69" and 70". Specify bow weight: 15 through 80 lbs. Strings for hunting bows these lengths, 62", 60", 58", 56", 54", and 52" (and 12 strands and over) will be black.

STRAND CHART

Up to 25 lb.—8
25-35 lb.—10
35-45 lb.—12
45-55 lb.—14
55 lb. and up—16

702. PROFESSIONAL BOWSTRINGS. For the exacting archer. Extra-strong double-loop black Dacron string with full monofilament serving. Specify length: 66", 68", 69", 70" and 72". Specify bow weight: 15 through 55 lbs.

730. DOUBLE LOOP BOW STRING. With center serving. Specify lengths: 48", 50", 52", 54", 56". Weight up to 40 lbs.

703. PRO-TECTO-TIP. Lightweight plastic protects bow tip. Holds string securely in place. Specify size: Standard (red), or Large (blue).

704. NOCK-RITE. Insures fast, accurate shooting with no slip-page of arrows on string.

705. TOX-NOX NOCKING POINT. Heat shrinks plastic and glues nocking point to string. Positive nocking point. Six nocking points per package.

706. NOK-SET. Positive nocking point, guaranteed not to slip. Adjusts to any bowstring diameter. Package of 5. Specify size: T (target), or H (hunting).

707. Dealer Package of 100.

708. Nok-Set Tool only.

709. KISSER BUTTON. Slips onto string easily. Adjusts merely by turning. Insures proper anchor. 12 on display card.

710. MARK 3 BOW SQUARE. Helps you measure brace height, locate nocking point. Also helps locate kisser button and peep sight.

711. HOYT KLICKER. Easily mounted on bow. Perfect draw check. Self-Adhesive. A sure help for freezing.

712. WING FLIP REST. New from Wing. Ideal for either target shooting or hunting. Specify right or left hand.

713. WING FEATHER REST. New Wing feather rest insures smooth arrow flight. Horizontal feathers mounted on leather with self-adhesive for easy installation. Specify Right or Left hand.

714. HOYT PRO REST. Non-interfering rest with pressure plate provides for positive clearance of vanes or feathers. Magic retaining finger prevents arrow from falling off of rest. Flexible sheft prevents arrow bounce. Self-adhesive backing. Specify Right or Left hand.

715. ARROW PLATE AND REST. Adhesive-backed arrow plate and arrow rest insure quiet drawing and shooting for hunters.

717. TYPE "B" DACRON. Pre-Waxed Dacron insures that you will make the longest-lasting, finest strings possible.

718. "SPEED-SPIN" STRING SERVER. Complete with nylon thread. Provides fast, perfect servings.

719. EXTRA NYLON THREAD. Specify color: Red, Black, Blue, Green, Yellow, White.

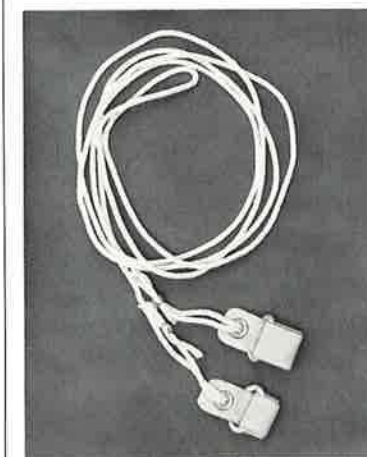

720. EXTRA MONOFILAMENT SERVING THREAD.

721. BOWSTRING WAX. Will make your bow strings last longer.

727. WING PANIC BUTTON. Adjustable for windage and plunger spring tension. Most popular tuning aid for the precision shooter.

716. WING BOW STRINGER. A must for any archer. The only way to insure safe bow stringing. Anyone can string heavy bows with ease. Prevents limb twisting while protecting archer.

WING HUNTING ACCESSORIES

501. WING BOW QUIVER. The most popular bow quiver made. Light in weight, but rugged enough to last a lifetime, this quiver is rapidly becoming the standard of the industry. Made of aluminum and nylon, the unique design makes arrows rattleproof. It won't scratch, mar your bow, or interfere with shooting. The arrow clamp securely holds six arrows of any size. Right or left-handed archers can use the same quiver. The Wing Bow Quiver is easy to attach and load, keeps arrows right at hand for quick, smooth take-out. Comes with adjustable sliding brackets to attach to any Wing Hunting bow in Seconds—also, comes with tape-on pads for all other bows.

502. Arrow Clamp

503. Rod Clamps and Screws

504. Tape-On Pads

505. Cup Insert

506. Brackets (complete)

507. Allen Wrench

508. PRESENTATION II BOW QUIVER ADAPTERS. For use in place of limb bolt on Presentation II models, to accommodate Wing Bow Quiver (#501).

509. RAZORHEAD KIT. Since its introduction, more trophy kills have been recorded with the Razorhead than with any other broadhead.

510. Razorheads, less Auxiliary Blades.

511. Auxiliary Razorhead Blades.

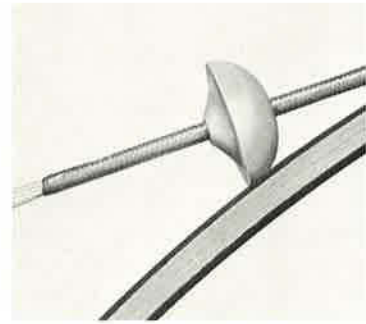

512. HI-PRECISION HEADS. 11/32" 3-Blade Broadheads. 125 grain. Six per package.

513. HI-PRECISION HEADS. 5/16" 3-Blade Broadheads. 100 grain. Six per package.

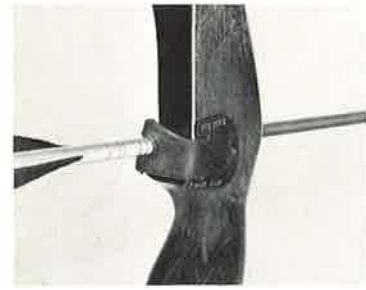

501 WING BOW QUIVER

WING HUNTING ACCESSORIES

514/515. BRUSH BUTTONS. Brush-proof your bow and quiet the string noise. Made of soft rubber. Attach easily and do not interfere with shooting. #514—Regular; #515—Super.

516. SAUNDERS KWIK-LOK ARROWHOLDER. Holds arrow in bow for hunting. Releases instantly on draw. Keeps arrow always ready for action.

517. KWIKEE STRING SILENCER. Eliminates bowstring noise. A must for the hunter. Packaged by the pair.

518. BOHNING DRI-TITE WATERPROOFING. Protect your feathers by waterproofing them. A liquid when applied, protects the whole feather when dry. The best waterproofing for target or hunting arrows. 12 bottles per box.

519. KWIKEE KWIVER. The lightweight bow quiver that snaps on and off in seconds. Six pair in display carton.

520. KWIKEE KOVER. Attaches instantly. Covers broadheads and protects hunter from injury.

521. BUCK LURE. Attracts deer and camouflages human scent at the same time.

522/523/524. BURNHAM GAME CALLS. "Calling-est calls made." Made of unbreakable tenite plastic to last a lifetime. #522—Long-Range Varmint Call; #523—Close-Range Varmint Call; #524—Instruction Record.

525. KAMO MAKE-UP KIT. Easy-to-apply camouflage paste. Use very small amount. Easily removed with soap and water, yet not affected by rain or perspiration. Contains Insect repellent, too. Two tubes—Forest Brown and Leaf Green—in plastic box.

530. CAMOUFLAGE BOW COVER. Made of genuine five-color camouflage cotton cloth.

531. HEAD NET. Fits over cap and face. Bars insects. Easy to see out. Drawstring adjustment.

532. KNIFE AND FILE KIT. A must for every bowhunter. File and whetstone for sharpening broadheads and hunting knife. Olson knife with 4-3/4" Solingen steel blade. Leather carrying case has pocket for accessories. Snap-on belt loop allows on or off action without removing belt.

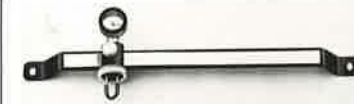

526/527. TWO-PIECE CAMOUFLAGE SUIT. Jacket full cut to allow extra freedom. Made of soft cotton poplin (rip-stop). Won't shrink or fade. Brass zipper fly. Two extra-large patch pockets in pants, plus two large hip pockets. Two large front pockets in jacket, plus large cigarette pocket. Specify size when ordering. #526—Small, Medium, Large or Extra Large; #527—Extra-Extra Large.

528. COVERALL. One-piece, with concealed zipper front, adjustable belt. Full bi-swing back. Slash openings at side. Seven pockets. Water-repellent poplin. Specify size: S, M, L or XL.

529. JONES STYLE HAT. DuPont Zelan water-repellent cotton poplin. Flexible stitched brim all around. Specify size: from 6-3/4 to 7-5/8.

WING BOW SIGHTS AND STABILIZERS

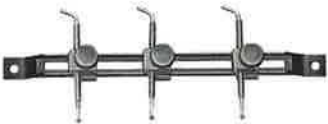

801. CAVALIER BOW SIGHT. Positive windage and elevation locks. All-metal construction. Unique, wide-locking nut works easily and efficiently. Hooded pin aperture. Will accommodate any two-wire aperture.

802 REYNOLDS BOW SIGHT. New, removable, double-adjustable bow sight. 10 to 100 yards elevation adjustment. Sight takes prism, pins or double-wire apertures. Vertical adjustment further compensates on "heavy" days. #803. Extra base.

804. SCOR-MOR "T". Single-post target sight with anodized aluminum vertical slide bar.

805. SCOR-MOR "SH". Deluxe hunting sight with three adjustable pins.

806. WING SIGHT EXTENSION. Easily mounted on side of bow. Can be extended forward or backward, and has vertical adjustment to align sight with bow string. A must for tournament shooters who want perfection.

807. UNIVERSAL ADAPTER BAR for Wing Sight Extension. For longer sight bases.

808. SIGHT EXTENSION BASE only.

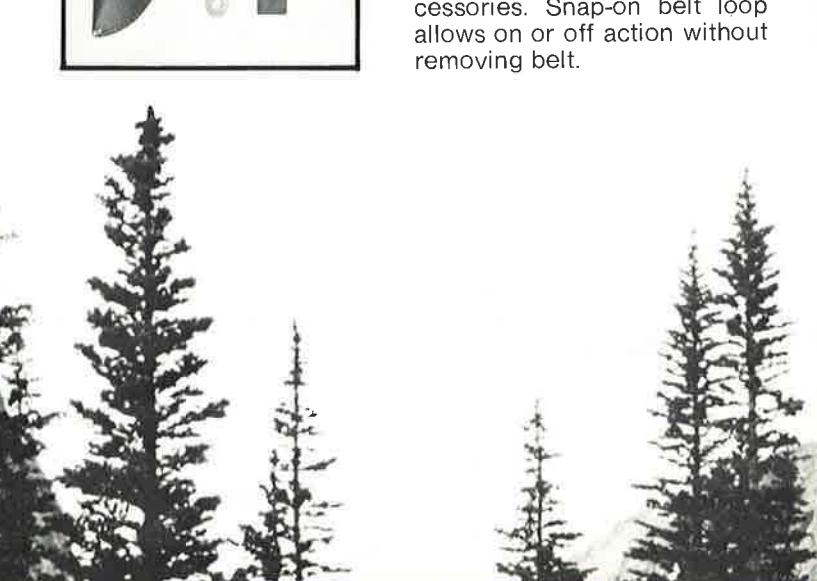

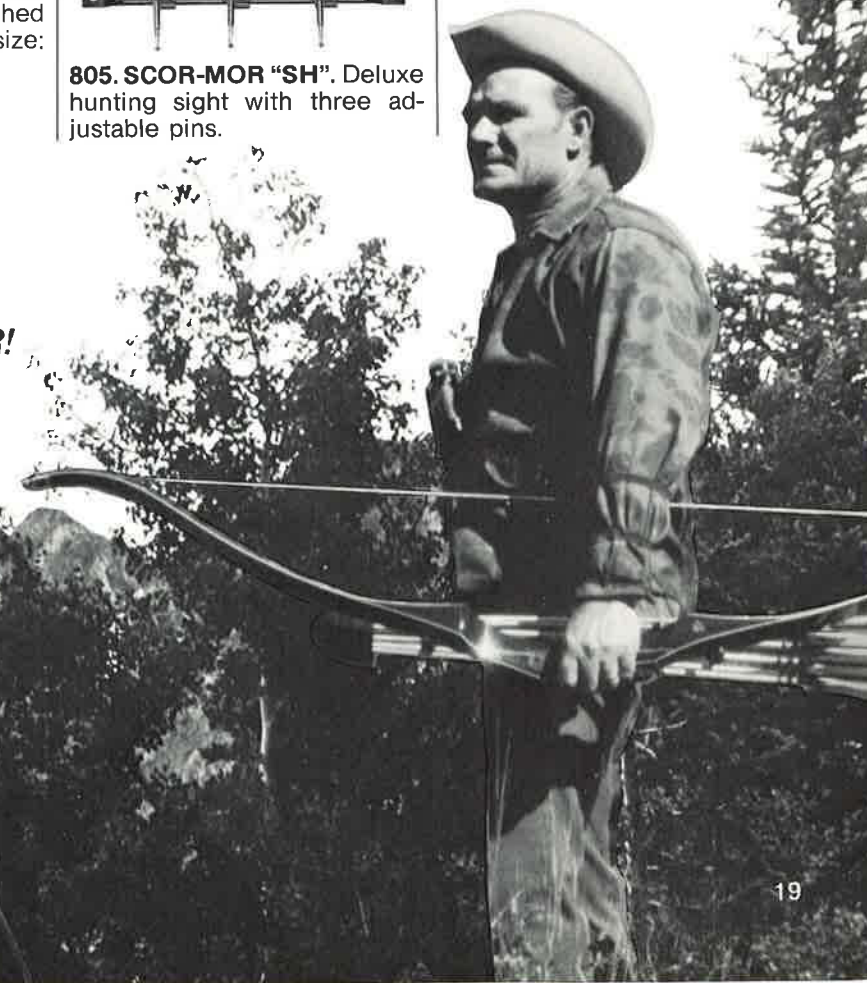

809. SIGHT EXTENSION, HEXAGONAL ROD, SIGHT AND NUT.

810/811. STRING PEEP. Unbreakable hard vinyl. Inserts easily in string. Serves as rear sight. #810—round hole; #811—slotted hole.

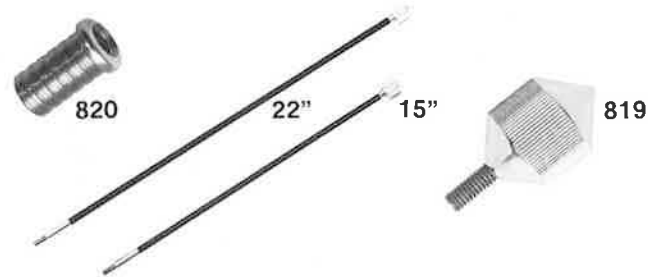

**...FEELS BETTER,
SHOOTS BETTER, IS BETTER!**

WING BOW SIGHTS AND STABILIZERS

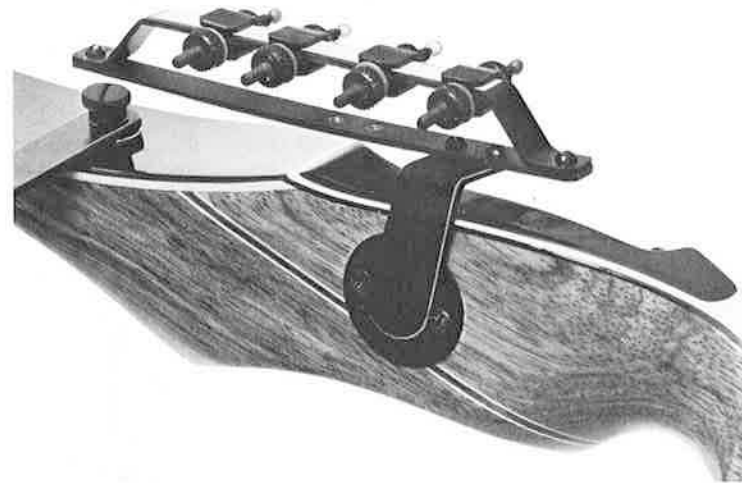

SIGHT APERTURES. All have 5/8" diameter hood. Mounting wires all chrome-plated and permanently attached. #812—CROSS HAIR; #813—DROP PIN; #814—CENTERLESS CROSS HAIR with LEVEL; #815—PIN with LEVEL.

WING STABILIZER. Fits any bow. The dynamically designed head and black-anodized aluminum rod puts stability into your shooting and lets you adjust to different conditions. Rod fastens easily into the bow insert adapter.

816 — STABILIZER SET: One Rod—Specify Long (22") or Short (15"), and One Weight; #817—ROD Only, Specify Long (22") or Short (15"); #818—WEIGHT, 3-3/4-Oz.; #819—WEIGHT, 6-oz.; #820—INSERT ADAPTER.

822. FULLY ADJUSTABLE, QUICK-ATTACH BOW SIGHT. Four completely adjustable sighting bars. Set all four for pre-determined distances. It's quicker, more accurate and more dependable. Each sighting pin is color coded for

immediate distance recognition. All four pins adjust both vertically and horizontally. Sight attaches quickly to any model bow using mounting screws that are furnished with sight. Specify right or left hand.

DEALER AIDS

390. WING DEALER ACCESSORY DISPLAY Features fast-moving accessory items packaged in attractive, eye-catching plastic-bubble cards. Sturdy steel rack design holds up to 120 cards. "Wing Archery Headquarters" banner sign attaches to rack.

726. WING DEALER BOW-STRING RACK A functional and appealing sturdy wire rack. Designed to hold 75 Wing bowstrings in plastic tubes. Wing banner sign attached. Strings for hunting bows these lengths, 62", 60", 58", 56", 54", and 52" (and 12 strands and over) will be black.

255. WING RAVEN ARROW DEALER PACK Attractive packaging of Raven wood practice arrows, each with crest, full painted shaft and 3" fletch. Target points only. Packed in 1/2 gross display cartons containing 3-dozen each of 26" and 28" arrows unless otherwise specified. (Not recommended for bows over 40-lbs.)

PLEASE NOTE:

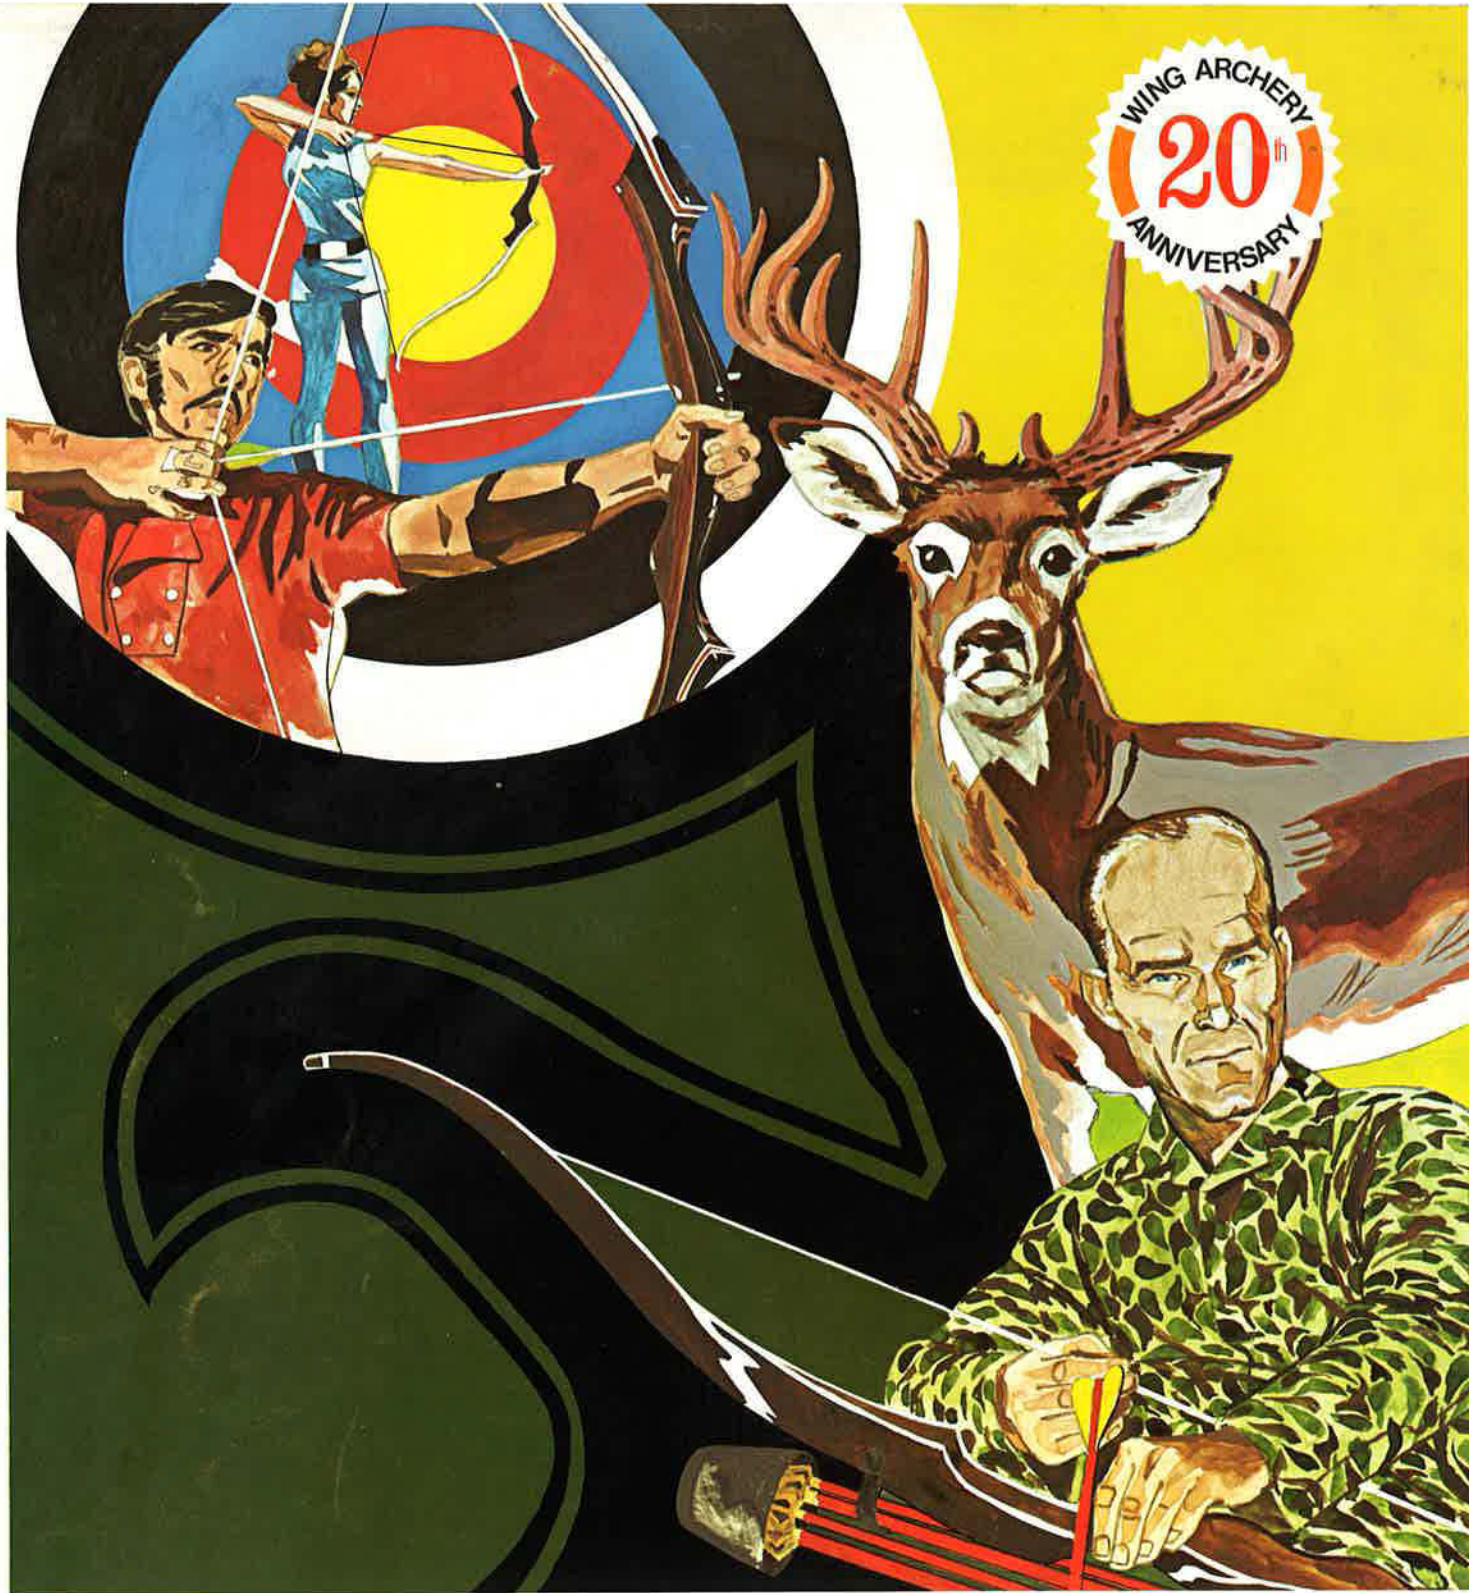

Wing orders are filled with all care and speed possible. To avoid delays, please check your order carefully before mailing to make sure you have furnished all catalog numbers, bow weights and lengths, as applicable. Also, be sure arrow information is complete, including arrow lengths and bow weights.

Your local Wing dealer takes pride in helping you select proper equipment. If no dealer is nearby, write us and we will direct you to the nearest dealer.
