September already, where has this year gone? It seems to go faster each year. We have had a very busy 9 months. With taking on the Canson/Talens line, changes in ownership with Lukas/Daler Rowney and with Woolfitts Art closing we have had a lot of changes this year. We are grateful to be busy but our turnaround times for getting shipments out has been slightly extended. We work as hard and as fast as we can but please allow more than a day to expect processing and delivery of your shipments. Thank you for your continued loyalty and support to us and enjoy the beautiful fall foliage and weather.

We apologize for the delay in producing a Canadian Canson/Talens catalogue and price list. In the meantime, we are putting a Canadian excel price list on our website for you to use in the interim.

We are working diligently to finish and deliver the catalogue in the near future. Thank you for your patience. Please visit the website and go to the catalogue tab and then click the Canson pricing link.

These are suggested retail prices listed on the excel sheet, for any further discount schedules please contact your salesrep or the office.
