

# Script: Chorus Of Goons

*(The FAIRIES transform themselves into peasant women. MERRYWEATHER resists. ALL exit with the bassinet. Sixteen years pass. The scene shifts to the Forbidden Mountain. MALEFICENT, hysterical with anger, enters followed by her GOONS.)*

**MALEFICENT**

Aaaarrggghh!!! It's incredible! I've been after the Princess for sixteen years. Sixteen years and not a trace of her! Are you sure you've searched everywhere?

**FUMPFEL**

Why yes, Your Disgrace.

**PEST**

We've searched mountains...

**BLATHER**

And forests...

**STENCH**

And every cradle for the last sixteen years!

**MALEFICENT**

You've searched every cradle?

**FUMPFEL**

Yep!

**PEST**

Every cradle!

**MALEFICENT**

Did it occur to any of you that after sixteen years, the baby might grow up?

*(The GOONS stare blankly, then, light bulb.)*

**GOONS**

Hey, she's right!

**MALEFICENT**

Of course I'm right, you nincompoops!
