Two Minutes in Great and Little Herring Ponds, Plymouth

Please join us for the underwater videos and photos of Little and Great Herring Ponds taken by **Ivan Mikolji**, a world-renowned explorer whose underwater videos are seen around the world. This is a rare opportunity to see stunning photography of what lies beneath and above our Herring Ponds. For the past several years Ivan, a Venezuelan citizen, has been documenting the fish and wildlife in and around the Herring Ponds during visits to family in Plymouth. The program is presented by The Herring Ponds Watershed Association in partnership with Wildlands Trust.
