# Our Mission

The Guild's mission is to foster interest in the work of Children's Hospital Los Angeles and to assist the Hospital by contribution of service and funds. This Year our Guild Project is The Associates Endowed Chair for the Chief of the Children's Orthopaedic Center and The Associates Endowment for Liver and Intestinal Research.

In 1947, the La Providencia Guild was established in Burbank, California to help raise funds to support Children's Hospital Los Angeles. The Hospital is the first and largest pediatric hospital in Southern California. It relies on the generosity of philanthropists in the community to support compassionate patient care, leading-edge education of the caregivers of tomorrow and innovative research efforts that impact children around the world.

Your financial support will allow us to help Children's Hospital continue its over 100-year tradition of providing the best possible pediatric medical care – care that is often not available anywhere else. Whether the need is a transplant, disease specialist, airlift or care for a child injured in an accident or other lifesaving treatment, Children's Hospital Los Angeles is there for our community. No child is ever turned away!
