DESCRIPTION: Popular Wing Thunderbird—the “Black Beauty”. This one is from the Wing/AMF era featuring “compressed Wingwood” (not the original bowflex/phenolic). Original lettering and decals. Great looking and performing recurve. Excellent condition. No delamination; no cracks; limbs are straight. Overlay tips are in great condition. NO drilled holes. No stress lines in the glass or crazing (note: could be a short stress line near one of the stabilizer bushings—see pic on last page). A few minor scratches and scuffs. This is a really nice bow in excellent condition for its age.
