+ URGENT CARE

What is Urgent Care?

Urgent Care is the delivery of medical services outside of the hospital emergency department and is generally administered on a walk-in or unscheduled basis. Ever gotten a small cut on your finger while cooking? Treat it at home. Are you or a loved one having signs or symptoms of a heart attack? Go to the ER. Everything in between is Urgent care. Our Urgent Care center treats patients who are in need of immediate medical attention and choose to bypass a visit to the emergency room because of cost or ailments that are not serious enough to require hospital emergency services. Urgent care is not meant to substitute a necessary visit to the ER or primary care physician, but we provide an alternative to these with the ability to provide excellent treatment for most illnesses and injuries.

Why Choose Urgent Care?

Convenience

81.1% of centers open 8am or earlier
91% close at 7pm or later

Fast Service

57% Wait less than 15 min
36% Wait between 15 and 45 min
6% More than 45 min

*Avg. ER wait time in US - 4 hrs 7min!

Affordability

Urgent Care Average	\$156
Primary Care Average	\$166
ER Average	\$414

SLEEP CENTER

What is Acute Alternative Sleep Center?

Acute Alternative Sleep Center is an independent diagnostic testing facility. It is equipped, staffed and organized to improve the quality of sleep for those individuals who suffer from various sleep disorders.

Acute Alternative Sleep Center will identify sleep disorders through high quality diagnostic testing, using state of the art equipment. "The results are seen in the dramatic changes that occur in the lives of those who are properly diagnosed and treated."

Acute Alternative Medical Group & Sleep Center has earned The Joint Commission's Gold Seal of Approval ©
