Supporting mothers in distress. Keep your baby safe. Non –judgmental.

If you are in distress , alone or scared and don't know what to do, I am offering a place with no judgement where you can leave your baby safely. Do not hurt or abandon your baby.

I want any woman who needs help, to be able to pick up the phone!

There is nothing that you can say that will surprise me! I am a midwife.

I will come or I will send someone to keep your baby safe!
