What Has Been Happening in The Pond?

We are so excited for summer! We are looking forward to lots of time outside playing and learning. Make sure your child has the sunscreen you prefer.

The Ducklings have come so far this year. I'm hearing more talking from them! It's been a lot of fun watching them grow and learn to use their words.

We are still working really hard using forks and spoons at meal times. Please continue to incorporate them into your meal times at home too.

We will continue with reading, learning objects, colors, sign language, and all the things we have been learning all year except we will do as much outside as possible! It's a fun way to learn!
