## **PRESIDENT'S MESSAGE**

By Laura Newhall

Hi Ladies!

The California Gubernatorial Recall Election has come and gone but the "election season" is still taking place because we no longer have an Election Day. Hundreds of thousands of ballots are STILL being processed and requires as many as 30 days to complete the processing of the mail ballots and in-person voting ballots. This is according to Election Integrity Project California. Concerned citizens and EIP's trained observers had many issues over our election process...after all, we didn't get anything changed from the 2020 Election. Nothing else matters until we get to the bottom of November 3rd (Steve Bannon). As Melissa Mkaffen said in her letter at our September Meeting, we need a "Call to Action" to demand that all our Republican Candidates demand a full forensic audit in California and all 50 states in order to restore public faith in the election process.

Here's a few examples of "issues of concern" that have been reported to EIP so far:

- Defective codes on vote by mail ballots causing rejection by the tabulator. All those ballots are having to be duplicated.
- Voters being forced to vote provisionally or not at all because a vote had already been recorded in their name.
- Voters with a long history of voting in every election having been suddenly removed from the voter rolls between November 2020 and this election.
- Voters in multiple counties leaving the polls with their live ballot in their hands, believing or being told that it was their "receipt," not a ballot that needed to be submitted to the ballot box.
- Poll workers being met with unanswered HOTLINES on Election Day and therefore unable to resolve serious issues.
- Voters receiving multiple vote by mail ballots, ballots of strangers, ballots of previous homeowners, ballots of adult children who have moved to other states many years ago.
- Former Californians receiving recall ballots in their new state, even though they had cancelled their CA registration and re-registered in their new state. Many of these people have been out of state for decades.
- Individuals who never registered to vote receiving ballots in the mail.
- Voters forced to mark their ballots with Sharpies, which bled through and likely required ballots to be duplicated.

If you had any concerns with your voting experience, just download the report and instructions here:

## **CAPITOL UPDATE**

Issue #39 - September 23, 2021

Submitted by the CFRW Legislative Analyst Committee: Gretchen Cox, Val Emick, Lou Ann Flaherty, Elaine Freeman & Theresa Speake

The Governor has signed the following bills. This

is just the beginning of what other bills may be signed prior to the October 10 deadline. Remember too, that the Governor can allow bills to become law without his signature.

SB-9 (Wiener) - This bill will allow a single-family lot to subdivide and build a second home. No local approval will be required.

SB-10 (Wiener) - This bill authorizes a local agency to pass an ordinance to zone any parcel for up to 10 units of residential density per parcel, at a height specified in the ordinance, if the parcel is located in a transit-rich area, a jobs-rich area, or an urban infill site.

Here are a few bills we have written about previously which are on the Governor's desk awaiting his signature.

SB321 - Employment safety standards: advisory committee: household domestic services

AB3 - Exhibition of speed on a highway: punishment.

SB539 - Property taxation: taxable value transfers. AB110 - Fraudulent claims for unemployment compensation benefits: inmates.

AB 829- Foster children: immigration counsel and guardianship. This bill would require a county to make its best efforts to provide an undocumented minor or nonminor dependent in foster care under the jurisdiction of the juvenile court with access to immigration legal services, as specified.

You should know about...

AR76/(HR76) - House Resolution #76 (Presented by Republicans)

Relative to the United States Withdrawal from Afghanistan introduced 9/3/21: WHEREAS, The American evacuation efforts employed in Kabul, Afghanistan after the Taliban regained control of the city on August 15, 2021, have been reported by many news sources as chaotic; and WHEREAS, On August 26, 2021, an attack on the evacuation operations left 13 American servicemembers and nearly 200 Afghans dead. The Islamic State in Khorasan, also known as ISIS-K, took responsibility for the attack; and WHEREAS, On August 30, 2021, the federal government was unsure about the total number of Americans left behind, and United States Secretary of State Antony Blinken estimated, "We believe there are still a small number of Americans, under 200 and likely closer to 100, who remain in Afghanistan and want to leave;" and WHEREAS, This crisis strikes close to home, as of September 1, 2021, at least 24 students who attend school in Sacramento's San Juan school district, and at least one family from El Cajon, California, are still stranded in Afghanistan as the system for extraction broke down over the last few days of August; and WHEREAS, Cajon Valley Superintendent David Miyashiro told news outlets that it is a "conservative estimate" to say that over 1,000 children that are United States citizens or children of Special Immigrant Visa holders are stranded in Afghanistan; and etc.

## DEED AND TRUTH

By Linda Kidwiler

### The Impact of Others

How fabulous that right after we announced that we are supporting Deed and Truth ministries, we received a call from CVRWF member, Audraine Wiley, notifying us that her son, William, and daughter-in-law, Stephanie, had furniture to donate. Deed and Truth organized a pick up of their stunning furniture and it is now being used by a family in need. Thank you Stephanie and William!

Deed and Truth birthed a new ministry called House2Home which bridges the gap between institutional living and independent living for those who graduate from recovery programs. This ministry is to recruit, train, and empower multiple H2H teams in both Los Angeles and Orange County. They currently have six H2H teams to help carry the load and "adopt" these families.

In the first six months of 2021 they have moved in 20 families making the total to 43 in just 17 months. They also have a strategy to follow up with the families they move in. They are now in the process of connecting the moms and dads with phone friends to provide ongoing encouragement through texts and calls. Pastoral counseling is provided for spiritual needs and they hired a professional Christian therapist on retainer to provide free mental health support for all of the H2H families when needed. What a great organization this is and we are proud to support them!

If you would like to donate furniture, household items or your time, please contact CVRWF members Debby Mircheff at 949-370-9041 or Linda Kidwiler at 310-505-0457. Financial donations can be made at: [www.deedandtruth.org/donate](http://www.deedandtruth.org/donate).

## KEEP THE SPIRIT

By Marilyn Parker

Thank you and may God bless all the committed volunteers who worked many hours on the Recall Newsom campaign for the past 15 months. For those of you who helped to gather, check, sort, and count petition signatures, you saw firsthand how the campaign was organized and serious.. All the foundations for a power resurgence of the voters to tackle the next campaign, whatever that may be, are in place. The CAGOP Rescue California, and Reform California all have staff around the state and will not be idling their volunteer army. They will be ready to continue the fight to free California from the grips of the failing Democrat policies. Beginning right now, please take the time to learn about current legislation conjured up in Sacramento that will either cost you money, or your freedom, or both. Contact your representatives and let them know your thoughts. Some of the local Republican candidates for Congress and State offices have already started their campaigns, so please make it one of your New Year resolutions to help in anyway you can. We will not rest in 2022. As Winston Churchill famously said, "We will never, never, never surrender!" Our battle now is in the homeland, so in other famous words by President Trump, let's "Make America Great Again."

Sandy Rains accepting our Diamond Club Award from NFRW President Ann Schockett, at the Orlando Convention.

## CHAPLAIN'S CORNER

### A Prayer:

Dear Lord, you are the wisdom from on high. Grant wisdom to our leaders, and for all in authority, that they might govern rightly so that our land might prosper and that our people might be safe. Protect the weak and the unborn that we might live in truth and peace.

Jillian and Laura with Don Jans, who was the speaker for our September meeting.

## NOTABLE QUOTES FROM AMERICAN PATRIOTS

"It is your future happiness which interests me, and nothing can contribute more to it (moral rectitude always excepted) than the contracting a habit of industry and activity. Of all the cankers of human happiness nothing corrodes with so silent, yet so baneful a tooth, as indolence. Body and mind, both unemployed, our being becomes a burden, and every object about us loathsome."

- Thomas Jefferson in a letter to his teenage daughter Martha in 1787
