

THE BUILDING OF THE BRIDE

THE BUILDING OF THE BRIDE OF CHRIST - CHURCH AGE COMPLETION

The purpose of this illustration is to correlate several layers of prophetic nuances from the pattern of YHVH's Holy Sanctuaries to include the Tabernacle of Moses, the Great Pyramid as referenced in Isaiah 19 as the Altar of the LORD, Solomon's Temple and the Body of Christ that this study suggests could provide a prophetic template for the Building of the Bride. The title is a double entendre in that Jesus promised to build His Bride and that the Bride is a Building currently being constructed that this study suggests is about to be completed prophetically. These sacred patterns of Temple blueprints will be the templates used and examined to suggest that the primary culmination of the Church Age is veiled in sacred geometry and phi ratio proportions. What this study seeks to correlate is an attempt to synchronize all these Holy Sanctuary Temple templates and deduce a possible inference to just how close the timing is for the Building of the Bride is to be completed. The Apostles taught that the LORD went to Heaven to build His Beloved mansions in His Father's House and that one day they would be completed and would return. As the LORD Himself would oversee this construction project, in tandem Jesus sent the Holy Spirit on Pentecost to those 120 assembled in the Upper Room to empower them to begin the Royal Commission to construct the Body of Christ on Earth.

The supposition of the Building of the Bride is based on several Biblical utterances from Jesus Christ, there are spiritual clues as to the makeup and perhaps the timing of when this Building is to be completed. This building is special, alive in that the Building of the Bride is being constructed with Living Stones. The point is that one day this construction project will be completed according to Ephesian 2:20, 1 Peter 4 and John 14:3; on Earth as it is in Heaven because the Building of the Bride is being mirrored in its construction at the very courts and Temple of YHVH in Glory.

Jesus had instructed Peter that upon the confession of similar revelation that Jesus is the Messiah, the GOD the SON, that in turn Jesus through the working of the Holy Spirit would build His Holy Church on Earth with such a confession of faith.

If the templates are made to approximate the convergence to the year 5776, then what is also astonishing is that there is also a Rapture pattern associated to them. Perhaps as the start of the Building of the Bride construction started with the Rapture of the LORD, so too it will the Church Age end with a Rapture.

PENTECOSTAL CONVERGENCE
 7 Churches
 1 Prophetic Week = 7 day
 7 days x 7 Churches =
49 prophetic years
 1 Great Jubilee Year

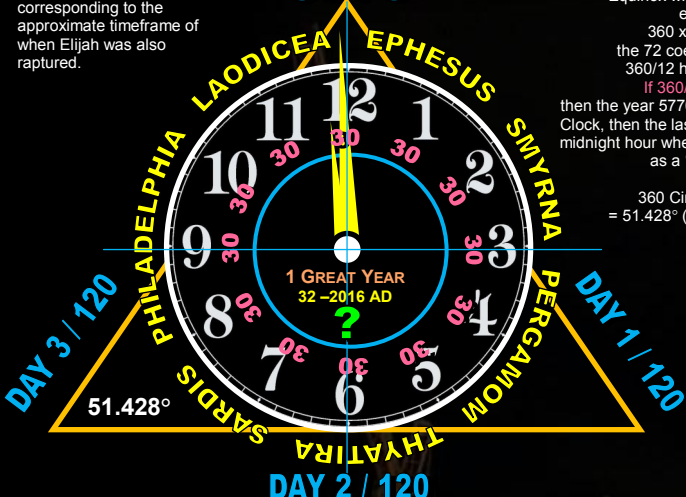

From Base of Great Pyramid to include capstone = **5776** inches
 481 feet or year 5776 = 2015-16

ISRAEL (Legal)

The 2 prior Rapture events of Jesus and Elijah are geometrically and mathematically associated by way of the Templates of the Temples. Based on the pattern, the Pi is then corresponding to the approximate timeframe of when Elijah was also raptured.

JUBILEE THE MIDNIGHT CALL 5776

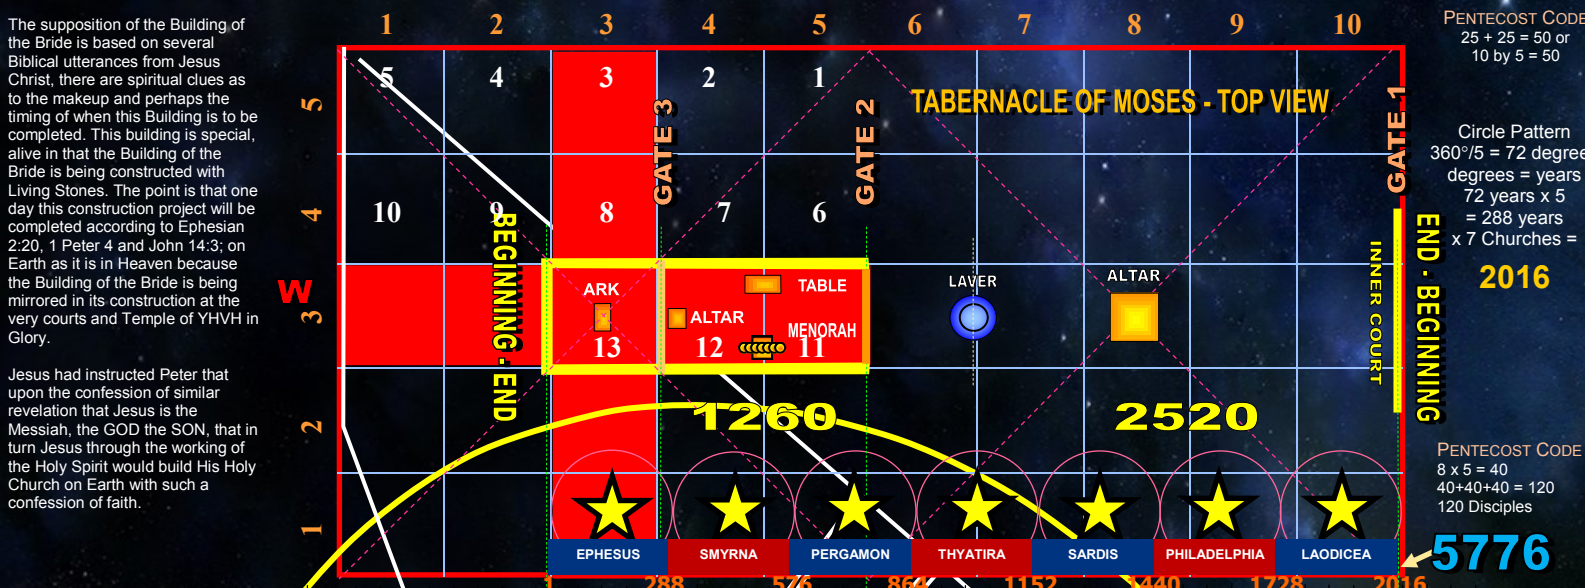

7 CHURCH AGE CLOCK
 The pattern is that of the Precession of the Equinox where 1 degree is attained every 72 years.
 $360 \times 72 = 25,920$ years
 $\frac{72 \text{ coefficient} \times 5 = 360 \text{ circle}}{360/12 \text{ hours} = 30 \text{ day months}}$
 If $360/3 \text{ days} = 120 \text{ years}$
 then the year 5776 is the end prophetically of the Clock, then the last 120 years corresponds to the midnight hour when the Groom calls for the Bride as a 'Thief in the Night'.
 $360 \text{ Circle} / 7 \text{ Church Ages} = 51.428^\circ$ (Angle of Great Pyramid)

The Jewish year 5776 is from September 13, 2015 to October 3, 2016. Coincidentally the Year of Light has the following numerology associated with this year timespan. 1 year 20 days (a 120 Jubilee code and number of Disciples at Pentecost) ~33,300,000 seconds ~555,000 minutes (555 is code for death and resurrection) ~55 weeks

The last finishing touches of the Spiritual Temple made of Living Stones are being set, perhaps the very capstone that is pointing and culminates in the prophetic year of converging timelines and celestial signs, 5776. If the prophetic 360 degree clock is divided into 3 days or a 3 sided pyramid, it equals 3 sections of 120 degrees. These are the codes of the Jubilee that coincidentally the year 5776 will culminate in the Jubilee year if the calculations are accurate since 1917 and 1966. Thus this would mean again that the 5776 year would correspond to a convergence of the last day, the 3rd prophetic day that the LORD promised He would raise this Body, perhaps even His Bride at such a time, such a year.

If the Jewish year of 5776 is the year that the Rapture of the Bride is to take place, it remains to be seen but it correlates directly to the pattern of the prior 2 Rapture dates of Jesus and Elijah.

This template of the 12 prophetic months could be further reduced in proportion to the 12 hours of a clock, perhaps even a prophetic clock at that. If the 7 Churches would be marked along the circumference of the clock, then the hours would show that the time is about to strike midnight as the last age of the Church is that of Laodicea is about to end. Perhaps the midnight striking of the clock will send the call of the Groom to wake up the Bride. She will hear the trumpet blast that is to be accompanied with the shout of the Arch Angel as the Bride meets the Groom midway in the air. She will then be ushered into the Pavilion on high for a 7 day wedding pattern to be hidden as the indignation of the Wrath of the Lamb is poured out on the world, etc. Will the year of light 5776 see this Building of the Bride completed?
