

On behalf of the Board of Directors of **The Reno Market**, I would like to thank you for the fantastic presentation you presented to our Market attendees. Several board members were able to attend your seminar and spoke very highly of your presentation. We also ask our attendees for evaluations. Here is a sample of the comments received:

"Cheewa gave me hope and inspiration again. I actually follow my own type of wheel of life, but I was losing touch with it . . . (now I'm) on the right track."

"Invaluable information to understand wisdom and how to use it in our lives." In rating on a basis of 1 to 6 (6 being very satisfied), the evaluator gave all 6's with the following comment: "The numbers accurately represent what Cheewa James has given to us."

Thank you for the time and energy you gave, those who attended left with a little more self-knowledge and power.
