Minutes from Peri operative working group meeting  
26.4.19

Present

Amy Cauldwell  
Caomimhe Doherty  
Joanne Robson  
Jay Stacey

Apologies

Lucinda Peachey  
Paul Finnemore

Discussion around core competencies, still undecided about how to demonstrate the difference between level 1 and level 2 competencies. But will complete level 1 first. Level 2 may be a bolt on.

We need to include more people from TU's around the country to stop the working group being MTC centric

We need to set a minimum education standards for accessing the competencies- still to be decided

How do address lack of funding and access to courses, if we set a standards can people realistically meet it

We need to keep the competencies relevant to practice areas, having more people from TU's will help this

Most of the meeting consisted of reviewing the initial reception of trauma competencies, some completencies have been refined and some removed.

Next meeting we will review theatre based competancies- NEURO/ MAXFAX, SPECIAL CIRCUMSTANCES

Call for member of group to complete their areas of work.
