Please keep your post lamp lit. Lighting is widely thought to be an effective means of preventing crime, second in importance only to increased police presence. Indeed, research shows lighting does reduce crime.

SPECIAL MEETING

RE: Vote for/against spending the money (\$43,000) awarded from Florida Refuse for the damage caused by leaking chemicals from their truck to Van Dr and Flag Ct.

There were not enough homeowners in attendance to constitute a quorum. Therefore, the meeting was not held. There were many questions about what would happen to the balance of the money if only part of the roads were repaired.

There will be another Special Meeting called at a later date. The best thing you can do is attend the meeting for accurate information directly from the Board.

The next Board Meeting will be the second Sunday in December. There will be a sign and information on the website:
