

Nominating Committee Members Biographies

HOA Board Director Chairman: Chad Overton

Cara Hawthorne

Cara has lived in Section 4 since 2009 and has a great appreciation for the natural beauty of Woodwind Lakes. Cara has an extensive history working with small to mid-market organizations to evaluate challenges that can be solved through workflow and software improvements. In her spare time, Cara enjoys travel, pilates and spending time with family and friends.

Sue Preston

After visiting the neighborhood since 1993, Ms. Preston moved into Woodwind Lakes a little over two years ago and has been active in the community. She canvassed for the HOA election and met a lot of neighbors wanting to help improve our neighborhood. Prior to moving to Texas, Ms. Preston had served as President of a Homeowners Association Board for 15 years dealing with budgets, capital improvements and improving the community environment. She has held executive positions, teaches and is a Director/Advisor on Boards of companies marketing products globally.

Bob Rugur

I have lived in this community since performing a Google Earth satellite search for my ideal neighborhood early in the pandemic. We are greatly pleased with our choice. My wife, Merrell, and I are retired, and we are both active in our community. We have both been appointed by the Harris County Commissioner's Court as Election Judges. We both are Deputy Voter Registrars. We are both certified by the IRS as tax preparers, and we both work with AARP, volunteering to prepare tax returns for the elderly, and low-income families. We both donate our time, money, and efforts to feeding children through Kids Meal. My wife and I have jointly served on the previous Trails Committee. I am highly motivated to join my wife in making Woodwind Lakes the best place that it can be.

Therese Uddmar

My name is Therese Uddmar and I'm an original homeowner, since 1997, in section 4. I was born and raised in Sweden, I have lived here most of my adult life. I have degrees from both countries, including an MBA from the US. I spent my professional life in management positions within fortunate 500 companies, as well one of the largest accounting firms as Director, within finance and procurement. My specialization is operations optimization, defining business system requirements, system implementations, business process outsourcing, business owner of system development, travel services procurement and leading large international teams.
