K. Constitutional Changes - The Archdiocese of Miami has decided that there will no longer be 2 leagues (Dade/Broward). The new league will be the Catholic Athletic League. The constitutions have been combined. Standing rules didn't see a lot of change. We're trying to follow whatever the National or State of Florida Leagues The Oversight Board will receive it, followed by the Superintendent, and then to Legal. There is a new rule that every coach will need to be CPR, Concussion, Sudden Cardiac, and Heat Exhaustion Certified. There is a signature page in the constitution that each coach will need to sign and will need to be kept on file at the school. The school is responsible to get the coaches CPR certified (certifications available online). ADs will have input, however they will need to be processed differently. The ADs will present it to the Principals, and the Principals will then present it to the Oversight Committee. Val recommended that they send it to her as well. We will only be standardizing toward the Varsity level. Val is reminding everyone on negligence and liability. If the rule is written, two coaches cannot agree to do it differently. Broward will be starting with Basketball and if the principals allow them, they will try to join our competitions. Val anticipates that they will join us for Cross Country, Track & Field, and Golf. Broward only has Varsity divisions (5-8). Val will look into softball (runner may leave the base after the pitcher has released the ball),

flag football, and cheer (presenting all team scores at the end of the competition). Val is going to look into having a few of the Track meets on Fridays (HolyRosary?). St. Theresa brought up concerns about the Saturday Playoffs - The kids commit to weekday practices and games and get penalized for missing one weekend day. Physical form that we have to use is in the constitution. Earliest we can play any games is 4:00 PM. We will be trying to have all Volleyball games indoors and stay away from 6:00 PM games.

- L. Play Like a Champion Today - As of next year, the Archdiocese will mandate that every single coach be trained (ADs will no longer be able to sit on the bench on behalf of the coach). The first coaches training will be on August 15th at 1PM. The other two will be at St. Louis and St. Marks dates to be determined. The Parent training will be a local issue, the schools will decide if they require the training for their parents or not. ADOM has mandated that if you have a problem with a parent, the parent will be removed from participating at any Catholic athletic events until they're trained. If the parent with the disciplinary action has already been trained, they will be required to be trained again. Coaches that have been trained will only be retrained if there is a problem. Val will retrain a coach once. If a coach needs to be retrained more than once will not be able to coach in the league.
- M. Old Business - No old business.
- N. New Business - Schools will need to have a safety plan for athletic events (inclement weather, active shooter). If you do not know how to create the plan, Val is FEMA certified and she can help. Belen was approved for lights for Football and Baseball field.
 - a. School Bookbags - Bookbags are donated to different organizations that go to Haiti or the Bahamas. Frank asked that ADs have a drive to collect used book bags in good condition and Frank will make arrangements to pick up.
 - b. Schedule changes- Frank went over the calendar and asked for ADs to consider the dates before recommending to switch seasons (Volleyball and Baseball). The ADs voted and the seasons will stay as-is. Divisions will be redesigned for next year based on Registration. The ADs brought up that we should make divisions by area rather than enrollment, however the principals made the decision that they did not want to play big schools and preferred to travel.
 - c. Mauricio spoke about golf. He thought that the most successful thing that they did was open it up to kids that aren't great golfers - they played about 3 holes. They had approx. 70 kids sign up (10 schools). The First Tee is offering grants to the schools. A \$500 registration fee for schools and First Tee will come in and once a week they will come in and teach kids to golf. Mauricio will present it at the beginning of the year again. Golf season starts in March, but start right when the time changes and that will help out. For schools that didn't participate this year, they are going to open up tournaments during the summer.
- O. Moderators remarks - The director spoke in lieu of moderator remarks. Frank spoke about ADs deserving a pat the on back for their dedications and for putting themselves out there for working Saturday events. Thank you for what you do for the kids.

Meeting adjourned at 12:27 PM.
