

AIMS Academy

June 1st - August 7th, 2020

Summer Program

Academic Enrichment

(Online available* e)

Our summer curriculum encourages students to learn with fun!

In **language workshops**, students learn core **reading** strategy while enjoying literature, and develop own writing style and master proper mechanics in **writing**

Math workshops focus on previewing math concepts for the upcoming school year to provide a jump-start on learning and strengthening math abilities

Foreign language classes enable language skills and enhance mental performance

Advanced Classes

• Algebra II / Geometry • Chess • Digital Art • Writing • Reading
