

Dear Partner Distributor,

Over the last few weeks, our suppliers from the cornerboard and poly resin industries have notified us of yet another impending industry-wide price increase. We are truly in a period of unprecedented inflation. As a distributor, we have held off on increasing our prices as long as possible, but our suppliers have now raised their prices forcing us to do the same.

Increases effective May 8, 2017:

- Corner board (v-board): 8-10%
- Stretch film: 7%
- Water-Activated Tape: 4-11%
- Kimberly Clark Janitorial: 7%

Increases effective May 15, 2017:

- Instapak Chem A+B: 4.6%
- Instapak Quick (heated/RT): 8%/ 4%
- Instapak Film & Speedy Packer Bags: 4%

Documentation and supplier letters are available through our customer service representatives. Masterbox strives to be your leading distribution partner on stock packaging supplies and we sincerely appreciate your business.

Thank you,

Fred Peterson
