

## **MISSOURI ALLIANCE FOR ANIMAL LEGISLATION E-NEWS – June, 2014**

---

### **PLEASE THANK LEGISLATORS WHO STOOD UP FOR THE ANIMALS!**

Please thank the Missouri Senators and Representatives who stood up for the animals during the 2014 legislative session.

Due to the efforts of several legislators, our animal welfare laws were preserved this year in the Missouri General Assembly. In the midst of the recent assault by the Legislature on our laws protecting animals, there were a few courageous legislators who fought to defend Missouri's animals and safeguard our anti-cruelty laws, new puppy mill law, as well as maintaining regulations and protections for animals confined in factory farms.

We have received inquiries from our supporters wishing to know who in the Missouri Legislature spoke up for the animals this past session and are particularly deserving of their appreciation. Listed below are those legislators that we feel merit special acknowledgment this year.

Senator Paul LeVota
