I am looking forward to participating again this year, along with these [NOA 2019 Artists](#).

I hope to see you there.

### NOA Silent Auction

There is a silent auction featuring original artworks by participating artists. The auction has started on Facebook and will finish off live the night of the Gala. The first bidder on each piece will receive two free tickets to attend the Gala to defend their bid. "Rainforest Raven" is my auction piece.

### Sneak Preview

I have been busy painting and preparing new pieces to showcase in my booth. I've only posted a couple of them on Facebook, so you are the first (other than family) to see some of these:

## Art Gallery of St. Albert (AGSA) Art Rental

I am pleased to announce that, for the first time, my Space Inspired artwork is available for rent and sale in AGSA Gallery. If you haven't had a chance to see these two pieces in person, head over to the newly renovated Gallery and ask to see "Bubble Nebula 2016" (47"x47") and "Veil Nebula 2016" (20"x60"). What a great way to test drive a piece of art in your home - by renting it for a few months.
