DESCRIPTION: Here is a really nice York Super Crest. At 68", this is a long and smooth bow. Factory installed stabilizer bushing. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. One tip has a protector on it, but it is fine underneath. Two barely visible filled sight holes on the face (see pic on last page). No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decals are in excellent condition. The only other flaw is that someone carved initials in the varnish just above the specs (see pic on last page).
