

Eastport 26

Introduction:

Based on the success of the Eastport 32 we are expanding the range to include the Eastport 26. Keeping the traditional Chesapeake Bay styling the Standard Eastport 26 will be powered by a single Mercruiser 5.7 TKS 260HP engine with outdrive. The boat features an aft bench seat as standard with comfortable navigator helm chairs for 2, the traditional long hard top for protection from the elements and below is a V-berth for over-nighting, storage and a head.

Base boat specification is fairly complete at \$185,000 and will require electronics which can be installed at the factory. With the outdrive lifted the boat has operating draft of an incredible 17 inches for those with difficult docks/lifts to get onto. We can outfit the boat for fishing as well.

SPECIFICATIONS FOR EASTPORT 26

Base Boat: \$185,000

LOA:	26ft 8 inches	Engine:	Mercruiser 5.7TKS - 260HP
LWL:	24ft 7 inches	Top speed:	29 Knots
BEAM:	9 ft 7 inches	Cruise:	22 Knots
DRAFT:	17" with outdrive up	Fuel:	100 Gallons
DISP. (1/2L):	7,000lbs	Hdrm @ Helm	6'2"

HULL:

- Awlgrip paint, choice of color with single boot stripe
- Vinylester resin outer skin with multi-axial E-glass laminates and structural foam core
- Solid skin keel centerline and chine's
- Single skin at thru-hulls
- Bilges finished with white gel coat
- PVC guard rail with Stainless Steel rub strip
- Molded quarter guard with Stainless Steel rub strip
- 5 year limited hull warranty

DECK:

- Deck painted, single color with non skid where applicable
- Polyester resin with multi-axial E-glass laminates and foam core
- Molded cockpit hatches with self draining gutters
- High Density core at deck fittings
- Deck bonded to hull with cyno-acrylate adhesive and mechanical fasteners at gunwale
- Polyester/glass/cored hardtop with SS handrails and cable runs for electronics
- Polyurethane painted window frames
- Glass windows – Tinted to ABYC standards
- Side and rear curtain – eisenglass or similar.

- Ensign and Burgee Staff's with holders
- Fixed anchor roller and Vetus windlass with 15ft chain and 150ft rode

MECHANICAL:

- Mercruiser 5.7 TKS – 260HP engine
- Mercruiser outdrive with duoprop
- 80 amp alternator
- Single lever control
- Fuel shut off
- Racor filter
- Groco Water strainer
- 100 gal Aluminum fuel tank with Stainless steel deck fills
- Engine Sound insulation
- Silencer/Muffler
- Edson stainless wheel
- Teleflex hydraulic steering
- Trim tabs

PLUMBING:

- Rule automatic electric bilge pumps (2)
- Porcelain head with 20 gal holding tank, marina pump out and overboard macerator discharge
- Jabsco Pressure water pump
- 25 gal water tank
- Whale Head Sink
- Sump pump for shower and sink forward
- Bronze seacocks

ELECTRICAL:

- Fully bonded and grounded to ABYC standards
- One group 4D 200 AH house battery and one group 31 105 AH engine starting battery
- Custom AC and DC electrical distribution panel with battery condition meters
- Tinned copper wiring to inhibit corrosion
- 30 Amp Shore power inlet with 50 ft cable and four 120 amp outlets
- Engine compartment blower
- Battery Charger
- Engine compartment lighting
- Navigation and anchoring lights
- 3x cabin lighting

- 2 x reading lights
- Courtesy lights
- Recessed cockpit accent lighting
- Cable runs for navigation/stereo/TV and ancillary electronics
- Dash mounted DC outlets
- CO2 detector in Cabin
- Wipers
- Compass

INTERIOR:

- Enclosed Head
- V-Berth with 4" Sunbrella cushions and storage under
- Interior has molded liner with minimum wood trim for easy maintenance and cleaning.
- Shelves above bunks

Builder installed options available include

- Volvo Engine package
- Vetus Engine package
- Yanmar Engine package
- Bowthruster
- Bowrail
- Custom road trailer
- Boat covers
- Swim platform
- Electronics packages
- Refrigerator
- Fishing packages

Our boats are made to order so we can accommodate very specific customizations to suit owner preference.
