

Welcome to Reno!

***IALOH Welcome Party
Thursday, April 28, 2022***

Whether you are from across the pond or from a tropical island, it's time to make your way to the new frontier of prospectors, business men wanting to get rich or families looking for wide open spaces to settle.

Start your expedition from the east, mid-west, or down south and come out west where wagons and the pony express are seen. Take a train, stagecoach or a covered wagon from St. Louis (or you could fly or drive) and follow the California Trail but stop in Reno, Nevada, the home of the Comstock Lode-- America's first silver mining discovery.

Transport yourself to 1860 where silver mining is king and join us at our Welcome Party kicking off our 91st Annual IALOH Convention. Dinner will be served, and the saloon will be open. Come dressed as a miner, pioneer family, or a society person from the big city exploring a new land. Our photographer will capture this fun experience as we spend an evening in the 1860's.
