\*\*Information and results contained on the Pioneer Performance Data website, including Wins %, Yield Adv (bushels), Moisture Adv %, Test Weight Adv. (lbs), and Income adv/Acre (\$) are reported on the average of the number of comparisons listed across the region or area indicated. Comparisons may be against any number of competitors in similar Pioneer® brand hybrids or varieties. Multi-year and multi-location information is a better predictor of future performance. An individual plot may have been excluded from the website based on criteria
