230 Twin Dolphin Drive #C
Redwood City, CA 94065

After the first Anniversary of Katrina, the most catastrophic hurricane ever to strike the Mississippi Gulf Coast, Ocean Springs Police Department Officers and Employees would once again like to extend our heartfelt thanks and gratitude for your assistance in helping us cope with and recover during a time of complete devastation in our lives.

You came with one thought in mind, to help and support in whatever way you could. You provided law enforcement and search and rescue support. You brought or sent water, canned goods, first aid items, personal/hygiene items, cleaning supplies, kitchen utensils, bedding, gift cards, school supplies, and toys for our children to keep their minds off of their surroundings. Churches provided meals. Food items were brought in to the department and people came and helped cook meals for our employees and families. You helped with the loss of department vehicles, equipment, uniforms, and loss of homes. Letters of appreciation and words of wisdom were sent to Ocean Springs Police Department and we were ever so grateful for all of your kind words. So much was done and we haven't forgotten all of our fellow officers and wonderful friends, neighbors, chaplains, near and far that came and gave of themselves, their time and their donations so generously.

You will remain forever in the hearts and minds of Ocean Springs Police Department Officers and Employees.

On behalf of our agency we once again

THANK YOU.

Kerry J. Belk
Chief of Police
