Super Bowl Thoughts and Season Recap

The Super Bowl year in and year out is the most watched, hyped, analyzed, scrutinized and wagered event in the world. It's the game where gambling goes from being a sort of "taboo" among the general public to something nearly 100 million Americans will partake in.

Because everyone wants to have a little "extra" something on the big game whether it be Super Bowl squares, side or total or the more than 400 Super Bowl prop plays, demand is at an all-time high for handicappers to deliver their customers winners on the big game. Fair or unfair it's also the game customers usually judge whether or not to sign back up with a particular service for the next season.

As for us, we think betting the Super Bowl side and/or total is mainly a "sucker's bet" as there is so much more value on a weekly basis during the regular season when there is 60+ games to choose from in college and the NFL combined. If you disagree with us and think there is a lot of value on the Super Bowl, look no further than the graph on the bottom right of this page. The Vegas books have shown a profit in 26 of the last 28 Super Bowls (93%).

We don't know about you, but we don't like losing and going up against a 93% profitable system is something we're not going to step in front of and it's why we don't usually have our biggest play of the year on the Super Bowl unlike many public bettors who tend to save their biggest bet of the year on the biggest game.

We do think there is some value on this year's Super Bowl and that comes with the total as we're going UNDER and that's where all the early sharp money has been (opened 57.5, down to 56.5). That's despite the fact the OVER is getting more than 50% of the public tickets.

If we lose that pick going against the popular call on the OVER then no doubt, we'll get some angry hate mail and phone calls. Win or lose, we would rather you judge us on the entire season where the star-rated picks on these pages (including bowls and playoffs) have gone 102-64-1. Add in the last three years and you're 376-288-10 (57%) betting every single star-rated pick on these pages the last 4 years. In an industry where so many touts advertise guaranteed winners and 70-90% records, the reality is 57% is the best record by far out of any newsletter the last 4 years (see page 5) and the most successful bettors of all time have hit only 57% over the long haul.

Obviously we couldn't have had a successful last four years without your support and patronage. Again, we can't thank you enough that you took a chance on us in this season of BP Sports and for that we'll be forever grateful.

If you have any suggestions or comments on how we can improve this newsletter in the future please email us (brad@bradpowerssports.com) or send a quick note in the mail and we'll deduct \$10 off next year's newsletter which is only \$69 right now (price will go up after Super Bowl Sunday).

We hope you've enjoyed this season of BP Sports and we'll certainly only get bigger and better with each passing season. If you are wanting to sign up for next season please check out the back page for special early bird pricing that will expire on Super Bowl Sunday.

Super Bowl Betting History

Below is a list of point spread breakdowns and results of the previous 52 Super Bowls.

Category	Result	Margins of victory	
Favorites/Dogs (one pick 'em)	25-24-2	1-3 points	8
Favorites straight up (1 pick)	33-18	4-6 points	8
Favored by 1-3 points	7-6	7-10 points	8
Favored by 3.5-6.5 points	7-8	11-13 points	4
Favored by 7-9.5 points	4-4-1	14 or more	24
Favored by 10-13.5 points	5-4		
Favored by 14 or more	2-2-1		
Overs/Unders	26-24-1		

Super Bowl Betting Notes (Reported By ESPN)

-Last year, a record \$158.6 million was bet on the Super Bowl at Nevada sports books. The books "only" won \$1.1 million when the Eagles beat the Patriots.

-The books have posted a profit in 26 of the past 28 Super Bowls (see below).

-Since Nevada Gaming Control began tracking betting action on the Super Bowl in 1991, the books are up \$175.6 million. Their only losses came in 2008, when the New York Giants upset the Patriots, and in 1995, when the San Francisco 49ers routed the San Diego Chargers (see chart below).

-According to an estimate released by the American Gaming Association, Americans will bet \$6 billion on Super Bowl 53. Even with 8 states now offering sports betting, it is expected that at least 90% of that betting will be done so illegally.

-The bulk of the early public and sharp money in Las Vegas is on the favorite Patriots for Super Bowl 53 while the sharps also look like they are on the UNDER as the total has been dropping.

-Las Vegas sportsbooks have yet to take a \$1 million wager on Super Bowl LIII. But the Westgate has already taken \$1.2 million in prop bets.

-MGM Resorts, which operates sportsbooks in Mississippi, New Jersey and Nevada, had taken 14 five-figure wagers on the Super Bowl line as of Sunday night -- all of them were on the Patriots, according to supervisor Scott Shelton.

-MGM took a "truckload" of New England money last Sunday night, including a \$115,000 wager on Patriots -1.5 and a \$110,000 bet at Patriots -1.

-William Hill US took a \$63,750 wager on Patriots -2 also on Sunday night.

SUPER BOWL 53 KEY ATS STATS

1. The underdog has gone 12-4 ATS in the last 16 Super Bowls.
2. The Patriots are on a 41-0 SU run when they have a 100-yard rusher.
3. The straight up winner of the Super Bowl is 44-6-2 ATS.

New England 28 L.A. Rams 25. The Patriots are making their 11th appearance in the Super Bowl (most all-time) and New England is 5-3 SU/3-5 ATS in their previous 8 Super Bowls under Belichick/Brady. Meanwhile, the Rams are making their 4th Super Bowl appearance and first since the 2001 season where the Patriots beat them 20-17 as 2-TD underdogs. Both teams are playing in Atlanta for the first time since the new stadium was built last year.

Things weren't always easy for the Patriots this year especially away from home. While they went a perfect 9-0 SU at home (+16 ppg and +117 ypg) this season, they were only 3-5 SU in the regular season away from home (-2 ppg and -43 ypg). However, they saved their best road performance of the season in their biggest game to date as they dominated the box score vs Kansas City in their OT win. In the regular season, QB Tom Brady threw for 4,355 yards (65.8%) with 29 TD's and 11 INT's. Rookie RB Sony Michel was the bell-cow with 931 rush yards and WR Julian Edelman led the way with 850 receiving yards. The defense was led by LB Kyle Van Noy (92 tackles).

On the other side, the Rams have actually been the NFL's best road team the last two years with a combined 14-3 SU mark and this year were +9 ppg and +50 ypg on the road in the regular season. Their high-powered offense was led by QB Jared Goff who threw for 4,688 yards (64.9%) with a 32-12 TD-to-INT ratio. RB Todd Gurley led the way with 1,251 rushing yards despite missing the final 2 games of the season and the Rams had two WR's top 1,200 yards in Robert Woods and Brandin Cooks. Defensively, LB Cory Littleton led the way with 125 tackles.

While all 8 of New England's Super Bowls under Belichick have been decided by 8 points or less, the Pats are 16-1 SU in the playoffs when meeting a foe for the first time in a season (only loss was last year's Super Bowl). Also note that the Patriots are 41-0 SU when they have a 100-yard rusher and the Rams were dead-last allowing 5.1 rush ypc this year. While we would have a slight lean on the Pats, we think there is more value with the total.

Rams' games this year have averaged 56 total ppg while Patriots' games have averaged 50 total ppg. This line is a little inflated in our opinion and is the 3rd highest total in Super Bowl history. Both teams have went more run-heavy in recent games as the Pats have averaged 184 rush ypg in their last 4 while the Rams have averaged 194 rush ypg in their last 4. If both teams go to the ground once again, we'll have a fast-moving clock. Also note Pats' Super Bowls have a tendency to start off slow as the Pats have combined for a total of 3 points in the 1Q of their previous 8 Super Bowls.

1★ UNDER 56.5 New England/L.A. Rams

Example from This Past Saturday 1/26

2-star (706) KENTUCKY -6 over Kansas. WIN. Kentucky is peaking right now with 5 straight wins and 3 straight covers. It makes sense considering their 5 starters are 3 freshman, a sophomore and a grad transfer so it took them 10-12 games to integrate and get used to playing with one another. Kentucky is 176-12 SU at home under John Calipari and they are 60% ATS at home under him when laying 9 or less (or dog). Kentucky is highly susceptible to teams that can spread the floor and make shots from the perimeter, which is what Kansas was last season, NOT this season.

1-star (627) Kansas St -4 over TEXAS A&M. LOSS. Quite simply two teams heading in opposite directions. Kansas St has won and covered 4 straight games since the return of one of their best players in Dean Wade. Meanwhile, Texas A&M is on a 1-6 SU run. Kansas St has the major defensive edge here (No. 4 vs No. 139). We've cashed with Kansas St twice in the last week and still think they are being under-valued.

1-star (641) Eastern Michigan -1 over WESTERN MICHIGAN. WIN. Eastern Michigan is much better than their 8-11 record indicates. The Eagles have played the No. 12 toughest schedule in the country and have actually been playing some of their best ball of the season lately as they have covered 4 of their last 5 games. The same cannot be said for Western Michigan who has lost 6 straight games. Eastern has the better offense (No. 177 vs No. 214) and the better defense (No. 179 vs No. 219).

Lean (612) BAYLOR -3 over Alabama. WIN. Baylor head coach Scott Drew should be up for coach of the year in the Big 12. The Bears were picked 9th in the preseason Big 12 poll and despite losing one of their best players (Tristan Clark) to injury a few weeks ago, Baylor hasn't missed a beat. They are 7-0-1 ATS in their last 8 games and have pulled 3 consecutive outright upsets even without Clark. Yale transfer Makai Mason has really picked up the slack including a 29 point effort on Monday night in their win at West Virginia. Baylor has the better defense (No. 46 vs No. 69) and has an extra day to prep.

Lean (631) Marquette -2 over XAVIER. WIN. Two teams heading in opposite directions. Marquette is 14-1 SU/11-3-1 ATS in their last 15 games while Xavier is 2-4 SU/ATS in their last 6. Marquette has the better offense (No. 37 vs No. 52) and the much better defense (No. 40 vs No. 151). Xavier's best player Naji Marshall who averages 13.1 ppg, 7.3 rpg and 3.4 apg will be a game-time decision with a shoulder injury. If he doesn't go, we have a really good play here.

Lean (647) Northwestern +8.5 over WISCONSIN. LOSS. Tough laying near double-digits when you have a low total of 129.5. Northwestern should be confident off back-to-back wins and they do have a Top 40 defense. Meanwhile, this is a bit of a flat spot for Wisconsin who has big games on deck vs Nebraska and Maryland and last Saturday had the big home win over Michigan.
