

**STATE OF WASHINGTON
BOARD OF PILOTAGE COMMISSIONERS**

STATEMENT OF POLICY

REGARDING: Trips Required for Maximum Monthly Stipend in the Puget Sound Pilotage District

It is the policy of the Board of Pilotage Commissioners that the trip requirements required for trainees to receive a stipend in the Puget Sound Pilotage District should reflect opportunities to take such trips, so that trainees are not penalized with a reduced stipend for factors outside of their control. The Board intends to revisit WAC 363-116-078, which establishes the number of trips required to receive the minimum and maximum training stipend, taking into account factors such as traffic availability and the rest rules.
