

Millions of Americans are being robbed by Banks, Wall Street and Uncle Sam and don't even know it!

→ What if what you thought about money and investing was wrong?

→ What if the financial system was set up to make you struggle your whole life?

Add up all the payments you have paid out to banks in monthly payments and then compare that number to how much you have put away for yourself and your family; which figure is bigger? We are trained to focus on rate of return while we are systematically paying our wealth away to Banks – month after month. John Jamieson is one of America's premier wealth strategists and shows people how to build systematic, tax-free, generational wealth.

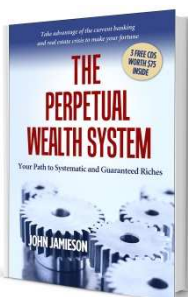

John's incredible story takes him from a high school failure and college dropout to a multiple business owner in the top ½% of income earners in the country. John has trained thousands of people in workshops in every major city in North America. He has been on stages sponsored by Donald Trump, Robert Kiyosaki and Robert Allen. Today John works with investors from all over the country help them to create tax-free generational wealth. He is the author of "The Perpetual Wealth System" which shows people a step by step plan to use "reverse money flow" to build systematic, automatic, and tax-free generational wealth.

9 Show/Story Ideas

- 1. Why a 401(k) may not be the best place for your retirement money*
