Dear Team,

On behalf of everyone I personally would like to thank you all for doing a job that required the patience of a saint and the guts of a gladiator.

This truly was a horrible mess and no one could have foreseen it would take as long as it did or be so complicated. You had to deal with some individuals who were relentless at times, and as a board member, I appreciate your professionalism and courage. I am certain I speak for the group as well.

Thanks so much, and hope you can finally get some rest!

Marina
