## **JUNE MEETING NOTES**

The smallbore league is up and running on Monday nights and it's not too late to join. The club even has some rifles to loan if you don't have your own. They shoot prone position to 50 and 100 yards, and three-position to 50 yards. Contact Bob Wendt at 253-848-6325 for more information.

Rocky Walston still has raffle tickets for the YHEC (Youth Hunter Education Challenge) for sale. This year they are raffling off a Ruger American rifle chambered in .308. Tickets are available from Rocky or the range safety officers. Proceeds go to help youth hunter education in our area. Tickets are \$10 each. The drawing will be held August 26<sup>th</sup>.

The muzzle loaders rendezvous held last month was a huge success. 115 folks participated in the shooting events under pleasant weather for a change this year.

There are still some openings for the on-line hunter education course. This is depending on the state legislature and a pending shut down if they don't come to an agreement on the budget.

The IPSC/USPSA folks will be having a big work party on the IPSC range Saturday, August 26<sup>th</sup>. We will be putting concrete in for a porti-potty pad, fixing 'walls', concrete wall stands, leveling some ground and covering it with gravel, and anything else Dave can think of before then. The work party will start at 9am with a BBQ lunch around 11:30. I will have more details next month. Contact Dave Farrow (253-886-1069) if you have questions.

The muzzleloaders are holding their summer league on the second and fourth Wednesday evenings on the rifle range thru the summer. Contact Mark Curtis at 253-678-5343 or Mike Moran at 253-232-3087 if you have questions.

Rocky Walston holds informal trap shooting on the first Wednesday night of the month. He usually has just a few shooters turnout, so it is a good time to have some fun and work on your shotgun skills in an informal setting. .

We will soon be seeing some new red BRASS receptacles on the firing lines. The caretakers and range officers are still finding a lot of brass and live ammo in the trash instead of in the BRASS containers where they belong. We are hoping that the amount of containers will eliminate the wasting of brass and the hazardous practice of live ammo in the trash cans.

Dave Farrow is having some new plates cut for the action bays as well as new gongs for the rifle range. These gongs get a tremendous amount of use and don't last long.

## **MEMBERSHIP RENEWAL TIME**

It's that time of year again. Membership renewals are due by August 31<sup>st</sup>. To renew your club membership, use the renewal form in the back of the printed BullSheet or get the form online. **No other reminders will be sent out.** If you have any questions about membership, please contact Ben LoCicero at 253-848-2204.

## **RECOMMENDATIONS**

The club is soliciting bids for landscaping and electrical work on and around the new clubhouse, including grass, landscaping and retaining wall work as well as electrical work on the patio and some other areas. If there is a landscaping or electric contractor that you have had a good experience with and would recommend, please forward their information to [bullsheeteditor@gmail.com](mailto:bullsheeteditor@gmail.com).

## CBA MILITARY RIFLE MATCH

Mitch Migliaccio

Here are the results for the CBA match held June 10<sup>th</sup>. Having near perfect shooting weather for a change, sunshine and no wind to speak of, we had only a fair turnout and mediocre scores. The next match, for score, will be held on Saturday July 8<sup>th</sup>.

## CARETAKERS REPORT

Doug Shellenberger

The grass is growing like crazy, keeping us busy on the mower. As expected, the weeds are also enjoying the nice weather. Darrel Behounek brought out his big sprayer so we can get a handle on the weeds before they take over. Last week we rented a floor buffer for a couple of days to clean and get a coat of wax on the floors in the clubhouse.

Firgrove Water Co. finally removed the straw they placed near the fence line along Meridian after digging for the new water line. They sprayed grass seed in the area to return it to a more natural look.

The rifle range has been busy in the mornings and late afternoons. The nice weather is bringing out all of the shooters who have been hibernating during the winter.

## USED BRASS AVAILABLE

Larry Wilson has lots of used brass for sale. Rifle brass is ten cents each and pistol brass is six cents each. The proceeds go to help the junior program. Give him a call afternoon at 253-347-3225.

## NEW BUILDING UPDATE

All of the blinds have been installed upstairs on the air gun range which should keep it much cooler up there during these hot summer days. The lighting upstairs has also been completed and we are now getting quotes for the lighting on the patio area. The landscaping around the new building is something being debated now. We are looking at different options, something that will complement the building but will be low maintenance. Included in this plan will be an extension of the retaining wall with steps in a couple of places.

The proceeds on these items go to support the junior program. If you are interested, get in touch with Doug at 253-846-6767 or see him at the range.

## JUNIORS

Doug Shellenberger

Emme Nelson and Alec Patajo will soon be travelling to Camp Perry to compete in the air rifle national championships, and then it will be on to Ft. Benning, GA for the USA Shooting Nationals.

The number of participants on Tuesday nights has fallen off with the upcoming summer vacations and kids in so many other activities.

Emme Nelson will be going to the conservation camp on Orcas Island as a counselor this year. No other juniors will be going to the camp this year.

## 200 YD 22RF FUN MATCH

Mitch Migliaccio

We will have a few unscheduled, informal play/fun matches this summer. They will be conducted on some Tuesdays, and start at 9 am. The range is NOT closed to other members. It usually takes roughly an hour to do the whole thing.

These are simple matches consisting of a sighter string and two 10 round strings at 200 yards shot on the MR 52 target. Each string has a time limit of 15 minutes. Longer on the sighter target if you are having difficulty "finding paper". Any PBC member or their guests are eligible. The cost is \$1, One US dollar, for the match, with the winner taking the pot. If we have more than 7 entries, the 2nd place entry gets their buck back.

There is an additional match called the One-Shot, which, surprisingly enough, takes one shot to complete. This baby's shot on the red 200 yard ASSRA center. If you enter, it'll cost you another buck, with the same winning arrangement as the "big" one. The shot closest to center or highest score, wins.

Any .22 LR scoped rifle qualifies, no separate classes. For the really ambitious, scoped pistols are allowed as well. No .17 or 22 mags, please.

Here's your opportunity to dust off that closet queen, and come out and have a bit of fun with your cronies and other club members at very little cost. Send an email to [yellowing@comcast.net](mailto:yellowing@comcast.net) if you would like to be notified of upcoming matches.
