471 Nollie Road Phenix, VA 23959

391-4026

August 15, 2018

OUR TRUCKS HAVE RAISED OVER A \$1,000,000 BUCKS! This statement says it all thanks to the dedication and commitment of all the truckers involved. On **Oct 13th**, the date of the 18th annual Truckers Parade, you will have raised over a million dollars for the fight against cancer. The participants of the Truckers Parade Against Cancer have help fund research grants to fight cancer at area hospitals including UVA and Duke. Many new treatments have evolved over the 17 year span of the Truckers Parade. Gene Modification Therapy and immunotherapy are just a few of the latest cutting edge approaches to treating cancer. You have helped make all this possible. However, the cure is still out there and we will continue our fundraising efforts until the cure is found.

Like last year, the event will be held at **CENTRAL MIDDLE SCHOOL IN CHARLOTTE COURT HOUSE** and it will have the same route as last year. We learned from a few mistakes, we made last year, and hope to improve upon them this year. Fees are the same as last year, **\$250.00 per banner**, and the checks should be made out to the **AMERICAN CANCER SOCIETY**. Multiple banners per truck are welcome as this enables us to double or triple the funds that we raise for the fight against cancer. Please encourage the companies that you haul for, family members, church groups, or business, that you patronize during the year, to help fund a banner. It is difficult to find a person that has not been affected by cancer in some way. Companies and individuals are willing to help, but they need to be approached and encouraged to participate. Make it a goal to reach out to others and try to double or triple banner your truck. Tell them about our website www.truckersparade.com.

Banners will be printed in a different color this year to prevent the use of old ones. We feel it is a fair practice for the companies and drivers that pay the fee and will deter companies from using previously printed banners. Companies that display an old banner, without permission, will be asked to pay the \$250.00 fee. Please send in your paperwork and monies before Sept 25th. We will not cash checks until after the parade, but numbers and early banner making is crucial to the planning of this event. Extra paperwork can be found on website, if needed.

Let's share the excitement and begin spreading the news about TPAC 2018! We can work together and show our survivors that they are not alone in the fight of their lives. Let's double and triple banner these trucks so that all of our loved ones will be memorialized or honored during this event. Cancer patients go thru long, unpredictable journeys during their battle so let's prove to them what they mean to us by helping to fund the cure. They stay strong, let us fight as hard as they have to, and make this parade the biggest and best ever.

Thanks for all you do and have done, *the entire TPAC Team*
