Key Factors

Traditional Package

The Bauer's Spirit line embodies German and Austrian Tradition. Capturing the unique tastes and experiences from local delicacies. Our packaging is simple with a touch nostalgia

Natural Distillation

Bauer's Obstler is an apple and pear brandy naturally distilled in Salzburg with real fruit. The New Bauer's Beer is a lager that has been naturally distilled into a spirit, "The spirit of Beer". What inspires our spirits are exactly what they are distilled from.

Arnold's Drink

Bauer's Obstler's claim to fame is that it is the drink of Choice of Arnold Schwarzenegger. A true Austrian who was for a long time Bauer's Obstler's #1 customer.

Customer Advantage

Be Different

The current market has been saturated artificial flavors spirits and craft brown spirits. Bauer's Spirits instantly make an impression on the drink list or shelf, being able to offer something different and natural is our niche.

Bauer's Beer

Brand new addition to the Bauer Spirit line is a Spirit that was inspired by beer, an Austrian Lager to be more specific. Incredibly smooth and true to its beer. An absolute must try!

Cocktails

WBI has created a list of mixed drinks that you can make with all of the Bauer Spirits, although the true Austrian may not require any mixers, we believe all spirits should have the ability to be served in a variety of ways.
