

Choose your Outdoor Swimming Event in Spain in 2020

There are a variety of distances so each swimmer can choose based on their experience or goal. If you have not yet completed an open water event, then Spain is an ideal place to do your first one and will be an unforgettable experience. If you are experienced, then go for a distance PB or maybe challenge yourself with a longer distance swim? In Spain we are very lucky and can enjoy many different types of open water events; our shores are bathed by different seas, we have rivers, lakes and more. In addition, we have a great climate that allows outdoor swimming almost all year round with and without wetsuit.
