

Mexico Outreach

November 2016

A group of Correctional Officers in Mexico

Dear Friend,

Jeff Sill and I travelled to Mexico in October and trained and ministered to State Correctional Officers. The training went well and we had a lot of time to get to know the officers as we only had a group of 45.

We saw 40 of them respond to the gospel invitation and we rejoice in seeing God touch these officers lives. We partnered with an evangelical church who will help us with follow up. Also one of the officers who was in our group is a strong Christian and will help us with discipleship.

I met with the head of security of the State of San Luis Potosi. He is a retired general who is a strong believer. He has invited us to come back to minister to the State Police which is under his command.

I shared the gospel with the director of the jail we worked in. Her husband is a former governor and ambassador to Italy. She listened intently along with the second in command as we told them about Jesus Christ and the salvation he offers.

Jeff and I witnessed to people who worked at our hotel, strangers on the streets and taxi drivers. One taxi driver was ready to receive Christ and did so with joy. What a privilege to serve Jesus Christ and be a witness for Him'

We continue to minister to police here in Colorado and last week Marlene and I led a police officer and his wife to Christ. Pray for us and them as we disciple this couple in the coming weeks.

Thank you again for your support and prayers as you partner with us in this important ministry. God bless you.

Randy Green

Jeff & Randy in Mexico

Prayer Request

Pray for our outreaches to law enforcement officers and their families here in the USA. Their job is getting more dangerous.

Pray that more officers will get involved in these outreaches and we will see officers saved and discipled.

Please pray for our outreach to the families of law enforcement officers who often feel the pressure of law enforcement danger.

Ask the Lord to open the door for us to begin an outreach to the law enforcement officers in other states as well.

Pray that God will open the doors for us in other countries next year to continue our mission work to police officers.

Ask the Lord to provide the financial resources we need for trips to other countries in 2017.

Randy & Marlene Green
