ADOPTION APPLICATION:

Our goal is to carefully match every dog with the best home to ensure a long lifetime of safety, love and companionship. We match the dog's energy with the family's energy and lifestyle. Our guidelines are tough because these dogs have been through enough and it's our responsible to ensure these dogs won't be sold, given away, neglected, abused, or abandoned again.

Our Adoption Process: Puppy Dog Ranch's Adoptions Policy prohibits dogs from being adopted directly from any of our public events or fundraisers. Please allow 3-5 business days for us to process your application and contact your references. We have found this also allows you and your family sufficient time to consider the commitment being made as well as prepare your family's home for your new arrival! You will be contacted within 3 days to schedule a Home and Yard Check. If that is not possible, you will be required to provide us with photos of your yard.

Our Adoption Requirements: Puppy Dog Ranch does not adopt dogs into homes if: The adopter currently has a dog chained, tethered or tied up or if our adopted dog will be tied up, chained, tethered; if the yard is not adequately fenced, or if you have or will use an electric fence; or if the adopter has other pets (dogs or cats) who are not spayed or neutered.

Puppy Dog Ranch requires your adopted dog to be spayed or neutered at 6 months of age. You are responsible for having your dog spayed/neutered by _____
You are responsible for providing us with a copy of the spay/neuter receipt. *Puppy Dog Ranch reserves the right to confiscate this dog if he/she is not spayed/neutered by the date above.*

Puppy Dog Ranch requires your adopted dog to remain current on all vaccinations and licensing. Your dog will be due for these vaccinations _____ By _____ .

Puppy Dog Ranch reserves the right for a follow up visit after the adoption.

Puppy Dog Ranch requires any adopted dog who will be outside for any length of time to have 24 hour access to a properly insulated and clean dog house, clean food and clean water.

If we determine that you/your family are a good match for the dog and your application is approved, you can pick him/her up at our Ranch! *Make sure you have the following items prior to picking up your new dog: Dog crate or dog house, blankets, dog bed/sleeping area, water and food bowls, appropriate collar and/or harness, leash, and toys or chew toys.*

You will also receive any medical records and, if applicable, any medications specifically prescribed for your dog. You are responsible for taking these records to your veterinarian who will help you determine additional scheduled vaccinations, spay, neutering, etc.

Our Sleepovers: We highly recommend a “sleepover”, usually one or two nights where the dog will spend a bit of time with you and your family to ensure you all connect. The dog will be prepared to visit your home and will be equipped with these items:

bed crate blankets towels toys dog food medicine

By him/her having his/her own “things that smell like home”, it will help acclimate him/her to his/her new home! If after one or two nights it is working out, then we will continue with the adoption process while the dog is living with you and you will have time to purchase the items he/she needs and return items to us. Many adoptive families choose to keep the original bedding, blankets and toys with the dog and either purchase them from us or buy new replacements for us, (or donate a gift card to us). *Please remember to return all items you have borrowed.* Our sleepovers are very successful as they are much less stressful for the dog and for the family! Plus, we know that things aren’t always perfect, so if it doesn’t work out for some reason, bring him/her back to Puppy Dog Ranch ~ there’s no guilt! We hold your Adoption Donation with your paperwork until we all agree it’s a perfect match!

Either the applicant or any representative of Puppy Dog Ranch reserves the right to cancel the adoption at any time, even after the paperwork has been signed, the adoption donation paid, and the dog has been released to the applicant. We want what is best for all family members and the dog. If, during the subsequent home and yard check or anytime after the adoption, the living conditions of the dog have changed or are found to be unacceptable by a representative of Puppy Dog Ranch, the applicant will be notified that they will forfeit their adoption rights and the dog will be returned to or relinquished by Puppy Dog Ranch.

Special Instructions / Needs / Notes:

Your Adoption Donation is \$ _____.
Please make your check payable to “Puppy Dog Ranch”.

THE SLEEPOVER DEPOSIT IS REFUNDABLE. THE ADOPTION DONATION IS NOT REFUNDABLE

By signing this application, you understand that any false, incomplete or misleading statements on this application are grounds for denial of the application and/or the immediate return of the dog to Puppy Dog Ranch.
